

HOUSE IN THE MIDDLE OF NOWHERE

No money. No plan. No way out. In the debut film from **NO BUDGET BLOCKBUSTER**, five friends are trapped in a remote house—where the real horror isn't outside... it's how unprepared they are.

SYNOPSIS

When five friends take a wrong turn on a desolate highway, their weekend road trip turns into a nightmare. Stranded in the middle of nowhere, they stumble upon an isolated farmhouse—its lights flickering, its doors unlocked, and it's secrets waiting to be discovered.

What begins as a search for help quickly descends into chaos as the group realizes they're being hunted by a deranged cult known as **The House of Black**—a sinister order devoted to feeding their dark god through ritual sacrifice. Trapped and cut off from the world, the friends must face not only the horrors lurking in the shadows, but also their own unraveling trust and fear.

With no signal, no escape, and the line between the living and the damned growing thinner by the hour, survival becomes a test of loyalty, courage, and pure madness.

HOUSE IN THE MIDDLE OF NOWHERE is a gripping descent into terror—and the debut feature film from the team behind the documentary series **NO BUDGET BLOCKBUSTER**, proving that sometimes the scariest monsters are the ones you create yourself.
