Payment discounts do not apply to any orders of bowling pins, capital equipment, pro shop equipment, dragons, payment with credit card and/or other certain items.
- CREDIT CARD:** *Payment by credit card is by far the **BEST WAY** for you as a customer to buy from Jayhawk Bowling Supply. Jayhawk will run your card the day your order is shipped and we automatically pass the free freight on qualifying orders. You can also take advantage of your credit card companies rewards programs and still have up to 45 days to write the check.
- FINANCE CHARGES:** *Finance charges amounting to 1.5% per month (annual rate of 18%) will be added at the end of the billing cycle each month to any past due invoices.
- RETURNED CHECKS:** *A \$20.00 charge will be made for all checks returned for insufficient funds. (19-01)
- BILLING CYCLE:** *The last weekday of each month is our ending day for charges in that month.
- C.O.D. CUSTOMERS:** *Jayhawk WILL ALLOW the prompt-payment discounts to all C.O.D. customers UNLESS there are unpaid past due invoices and/or finance charges. We feel you should receive the discount because you ARE paying promptly!
- PAST DUE ACCOUNTS:** **WE WILL SHIP ONLY C.O.D. TO PAST DUE ACCOUNTS**
*When a finance charge has been added to your account, we consider this account past due, and at that point we will ship C.O.D. (only) or will hold the order until the account has been cleared.
- MINIMUM ORDER:** *The minimum charge on any order is \$25.00. Any order placed that is under \$25.00 will have a \$5.00 handling charge added to your invoice. This helps us defray our loss on small orders.
- NEW MERCHANDISE:
(WRONG ITEM)** *New merchandise returned for credit due to miss-ordering must be returned to us FREIGHT PAID within 15 days, and the product and container must be in new condition. No handling charge for this.

MSDS (MATERIAL SAFETY DATA SHEETS) ARE AVAILABLE, UPON REQUEST, FOR ALL HAZARDOUS MATERIALS WE SELL

O.S.H.A. has recommended to N.A.I.R. (the National Association of Independent Resurfacers--our trade association) and to the individual finish manufacturers that a respirator be used when mixing or pouring urethane or lacquer finishes (to protect from breathing isocyanates released during agitation of the finish).

N.A.I.R. also suggests that gloves be used when working with water-based finishes, to prevent rashes caused by materials present in the finish.

Further, N.A.I.R. and the finish manufacturers recommend that--for your own protection--you keep pregnant women away from your center while urethane or lacquer finish is being mixed and applied. In this litigious society, this would protect you from any potential lawsuits (should a mother try to prove a link between a deformity in her child and breathing fumes from the finish, for example). We know of no such link--it is strictly a precaution to save you money in defending yourself in a lawsuit.
