Dear Nicole:

Mercy Fitzgerald Hospital has provided safe, quality and timely emergency medical care to the residents of Darby Township for 23 years. Our licensed Mobile Intensive Care Unit (MICU), staffed by the hospital's Advanced Life Support (ALS) paramedics, answers more than 2,000 calls every year with response times that are at or below the township's average.

- For the 12 months of 2021, the MICU responded to 2,091 calls within an average of 5.79 minutes.
- In April 2022, all ALS and Basic Life Support (BLS) units in Darby Township responded to 162 calls at an average of 6.06 minutes.
- In May 2022, the units responded to 183 calls. The average run time was 5.8 minutes.
- In June 2022, there were 186 dispatches for Darby Township. The units' average run time was 5.9 minutes.

Every day, our paramedics live the mission of Mercy Fitzgerald Hospital: To be a compassionate and transforming healing presence within our communities. They are committed to providing the very best life-saving medical care possible to all Darby Township residents, and will continue to faithfully answer emergent calls whenever they need us.

Kind Regards,

Misty Oglesby, RN, MSN, NEBC
