

**TOWNSHIP OF DARBY  
BUDGET PRESENTATION  
YEAR 2024**

---

Holding the line on taxes is what the Board of Commissioners strives to ensure each year. They recognize the increased cost of housing, utilities, food, transportation, and gas among others, have significantly affected families' bottom line. While not increasing taxes was the goal, an increase could not be avoided for 2024. The same increases that affect us all in our places of residence also affect businesses and local government. These obligations that require the Board to implement an increase are uncontrollable cost, such as, the Police Pension and the Non-Uniform Pension plans, both have funding requirements set forth by the State of Pennsylvania, that must be followed.

As always, we thank you for honoring your obligation to pay your Township taxes, sewer, and trash fees, which is vital for the township's sustainability and helps to meet our financial obligations to the state, residents, and employees. There will not be an increase in your sewer fees for 2024, however, there will be an increase in your trash fees. This increase is a "pass through" which means the increase is from the Solid Waste Department that is being passed on to the property owner. The current trash rate is \$204.75, and the new rate will be \$233.59, an increase of \$28.84.

Over the previous years, we have benefitted from Upper Darby Township's support by providing the Township with fire service, specifically, Station 74. Their continued service and support are appreciated and needed. We look forward to continuing the relationship. Fire Service in the Township continues to evolve to meet the needs of the public as we are faced with the insurmountable cost of providing resources to 2 fire companies in a township of our size. We will continue to provide the best services to our residents, so they feel safe, secure, and protected.

The Board is committed to hiring new police officers as our budget allows, with the goal of enforcing our Township Ordinances and keeping residents safe. All residents want to live in safe neighborhoods and our Police Department is committed to providing that security.

Finally, the Township Administration remains steadfast in responding to the daily requests of our residents with the objective of resolving all concerns.

**Noteworthy Achievements of 2023**

**Administration:**

- Maintained an administrative staff of 6 Full Time staff members.
- Maintained our Part Time staff to 6 members.
