

THE INSTALL BOOK

DESIGN BUILD

At SCS we are uniquely positioned to give you the space you want. From concept to installation we work with the clients to get the function and the form need to fulfill the design problem of the space. SCS is well-qualified to handle custom requests because products are built-to-order. The in house design team is used to upholding high standards under short deadlines, successfully executing custom designs from simple to elaborate.

KENT STATE

This installation is a great example of how SCS can provide design build solutions to fit the needs and vision of the space.

Kent State Ashtabula's Main Hall featured the Symmetra Plus fixed

tables with the Avalon swing away seating. To fit the needs of the room we were able to provide a custom manufactured version of the Symmetra Ped chair with an anti-panic flip-down tablet.
