PRESCHOOL DANCE

Drawing upon our years of success in education, performance, and competitions, SheLor is eager to showcase the programming that makes it all possible! Engaging students of pre-school age in the world of dance and the arts, prepares them for a fulfilled and accomplished life.

ENGAGE AT ANY AGE

These are crucial years for a preschooler's development. At SheLor, we foster a warm, friendly, discipline-driven, freedom-given, and most importantly creative environment to stimulate preschooler's enthusiasm for dance. Our tailored curriculum, instructed by award-winning faculty has been put in place and enacted for years, enriching generations of students.

BENEFITS OF DANCE

Aside from the obvious benefits of a strong physically healthy lifestyle and friendly social environment here at SheLor, there are even more advantages to dance. The National Institute of Health has indicated that dance provides a pressure-free stress reliever for kids, as well as a stimulant to developing brain activity, that may otherwise remain unengaged. "Kids can become more comfortable and confident with their own body. It's a healthy form of self-expression" – Dr. Nancy van Keuls, MD, Pediatrician, The Cleveland Clinic.

SHELOR SCHOOL OF DANCE

We have been a staple of not only the artistic aspects of Butler, PA but a small business proud to be located here! Visit our website, give us a call, or even stop in for a visit and dance a little!
