

# SheLor School of Dance

## TEEN DANCE

If you are looking to continue your dance education, hone your skill to enter the competitive arena, or are looking for a new high school activity, SheLor has tailored teen programming to reach out to our students of high school age. We have older beginner, intermediate and advanced classes in a variety of styles.

## ENGAGE AT ANY AGE

We are honored to have so many teenage dancers work and learn from us. As both leaders in the studio and examples for our younger students, our high school students provide the studio with much strength and poise, not only in dance, but in the studio. Our classes reflect this, in the ways we seek to challenge and grow our students in all aspects of life.

Code	Title	Time
