

# Privacy Policy

## Information Collection and Use

Dakkak Insurance is the sole owner of the information collected on this site. We will not sell, share, or rent this information to others in ways different from what is disclosed in this statement.

## Cookies

Like most other Websites, Dakkak Insurance uses cookies as a simple form of gathering Web statistics. Usage of a cookie is in no way linked to any personally identifiable information while on our site. Once the user closes their browser, the cookie simply terminates. Some of our business partners use cookies on our site. However, we have no access to or control over these cookies.

## Log Files

We use IP addresses to analyze trends, administer the site, track user's movement, and gather broad demographic information for aggregate use. IP addresses are not linked to personally identifiable information

## Sharing

Dakkak Insurance does not share user information with anyone.

## Links

Dakkak Insurance does contain links to other sites. Please be aware that Dakkak Insurance is not responsible for the privacy practices of such other sites. We encourage our users to be aware when they leave our site and to read the privacy statements of each and every website that collects personally identifiable information. This privacy statement applies solely to information relating only to this site.

## Security

Dakkak Insurance takes every precaution to protect its users' information. If you have any questions about the security at our website, you can send an email on our contact page.

## Notification of Changes

If we decide to change our privacy policy, we will post those changes on our Policy Page so our users are aware of what information we collect, how we use it, and under circumstances, if any, we disclose it. If at any point we decide to use personally identifiable information in a manner different from that stated at the time it was collected, we will notify users via this privacy policy. We will use information in accordance with the privacy policy under which the information was collected.
