# City of Brownsville Partners with Cirrus9 Solutions to Pioneer Cybersecurity and Smart City Initiatives

**FOR IMMEDIATE RELEASE**

Brownsville, TX – [October 11, 2024] – In an unprecedented public-private partnership, the City of Brownsville is joining forces with Cirrus9 Solutions, a leader in cloud technology, cybersecurity, and data management, to lay the foundation for Brownsville's transformation into a fully integrated Smart City. This collaboration will enhance the city's digital infrastructure, ensuring safe, secure, and efficient data management while paving the way for innovative smart city technologies.

The partnership with Cirrus9 Solutions, renowned for its expertise in cloud computing, cybersecurity, and disaster recovery, represents a significant leap forward in the City of Brownsville's strategic plan to modernize its services and infrastructure. Through this collaboration, the city will upgrade its data centers, enhance cybersecurity protocols, and implement cloud-based backups to safeguard critical municipal data, positioning Brownsville at the forefront of digital governance.

## Key Benefits of the Public-Private Partnership:

### Strengthening Cybersecurity

As the threat of cyberattacks increases globally, Brownsville is proactively investing in robust cybersecurity solutions. Cirrus9 will deploy its industry-leading technology to protect the city's digital assets and sensitive data, ensuring resilience against potential threats. This includes implementing advanced threat detection systems, real-time monitoring, and comprehensive incident response plans to safeguard public services.

### Optimized Data Centers & Cloud Backups

With Cirrus9's support, the City of Brownsville will overhaul its data storage capabilities by transitioning to cloud-based infrastructure. This shift not only enhances efficiency but also improves the city's ability to back up and recover data in the event of an emergency. The partnership ensures that all municipal data is securely stored, easily accessible, and protected from unforeseen disruptions.

### Accelerating Smart City Transformation

The Cirrus9 and Brownsville partnership serves as the backbone for the city's ongoing efforts to become a Smart City. By leveraging cutting-edge technology, the City of Brownsville aims to integrate smart systems that enhance public services, improve traffic management, reduce energy consumption, and promote sustainability. From real-time data collection on urban infrastructure to smarter public utilities, the initiative will benefit all residents with more efficient, connected services.

### Promoting Economic Growth

This partnership will not only benefit the City's operational efficiency but will also attract new businesses and innovation, fostering economic growth. With Cirrus9's support, Brownsville aims to position itself as a tech-friendly hub for startups and businesses seeking cutting-edge technology infrastructure.

## Quotes:

"Partnering with Cirrus9 Solutions is a monumental step toward transforming Brownsville into a secure, efficient, and fully connected Smart City," said Jorge Cardenas, Chief Information Officer at the City of Brownsville, TX. "This partnership allows us to modernize our infrastructure, protect critical data, and improve public services while setting the stage for future innovation and growth."

"We are thrilled to collaborate with the City of Brownsville to support their ambitious smart city vision," said Will Williams, CEO of Cirrus9 Solutions. "Our expertise in cybersecurity and cloud solutions will not only safeguard the city's digital assets but will also lay the groundwork for a brighter, more connected future for the community."
