CARE & CLEANING

For normal spills, a damp cloth is sufficient. Remember to dry the surface immediately. 360° wrapped melamine laminate doors can be cleaned with most general purpose household kitchen or bath cleaners. Do not use strong acids or caustic agents and/or abrasive scrubbers. Nicks and dings can be repaired with touch-up kits. Cabinet interiors can be cleaned with a damp sponge, a cloth using soapy water, or most general purpose household cleaners. Do not let liquids stay on the surface for a long period of time.

METABOX DRAWER (UPGRADED)

Select an upgraded drawer for full adjustability, aluminum sides, and soft close slides.
