

Wall Blind Assembly Instructions

Glue is recommended for structural integrity.

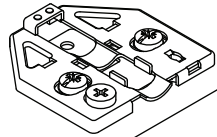

For Wall Blind 27" and wider, build the TOP/BOTTOM ASSEMBLIES **first**.

Before assembly, install hardware to parts as shown.

FIRST tasks for Wall Blind 27" and wider.

Position the hinge plate exactly as shown.

To complete the door assembly, refer to the Door Assembly instruction sheet.

With someone's help, fasten the door assembly to the unit.

Using a Rubber Mallet, tap the hinges into the door.
