WHY CHOOSE SAUDER?

About Sauder Cabinetry

Established in 1934, we are a third-generation, family-owned company located in Archbold, Ohio. Sauder was founded on the principles of stewardship and servanthood. Three generations later, our family continues to honor these values with environmentally responsible processes that endeavor to preserve the future of our world. Sauder Building Products is no exception. Manufactured in the US, we applied decades of furniture manufacturing, including integrity and craftsmanship, to create a revolutionary line of affordable cabinets of incredible value.

"Imagine a place where tradition meets innovation".

Original Sauder Factory — 1937

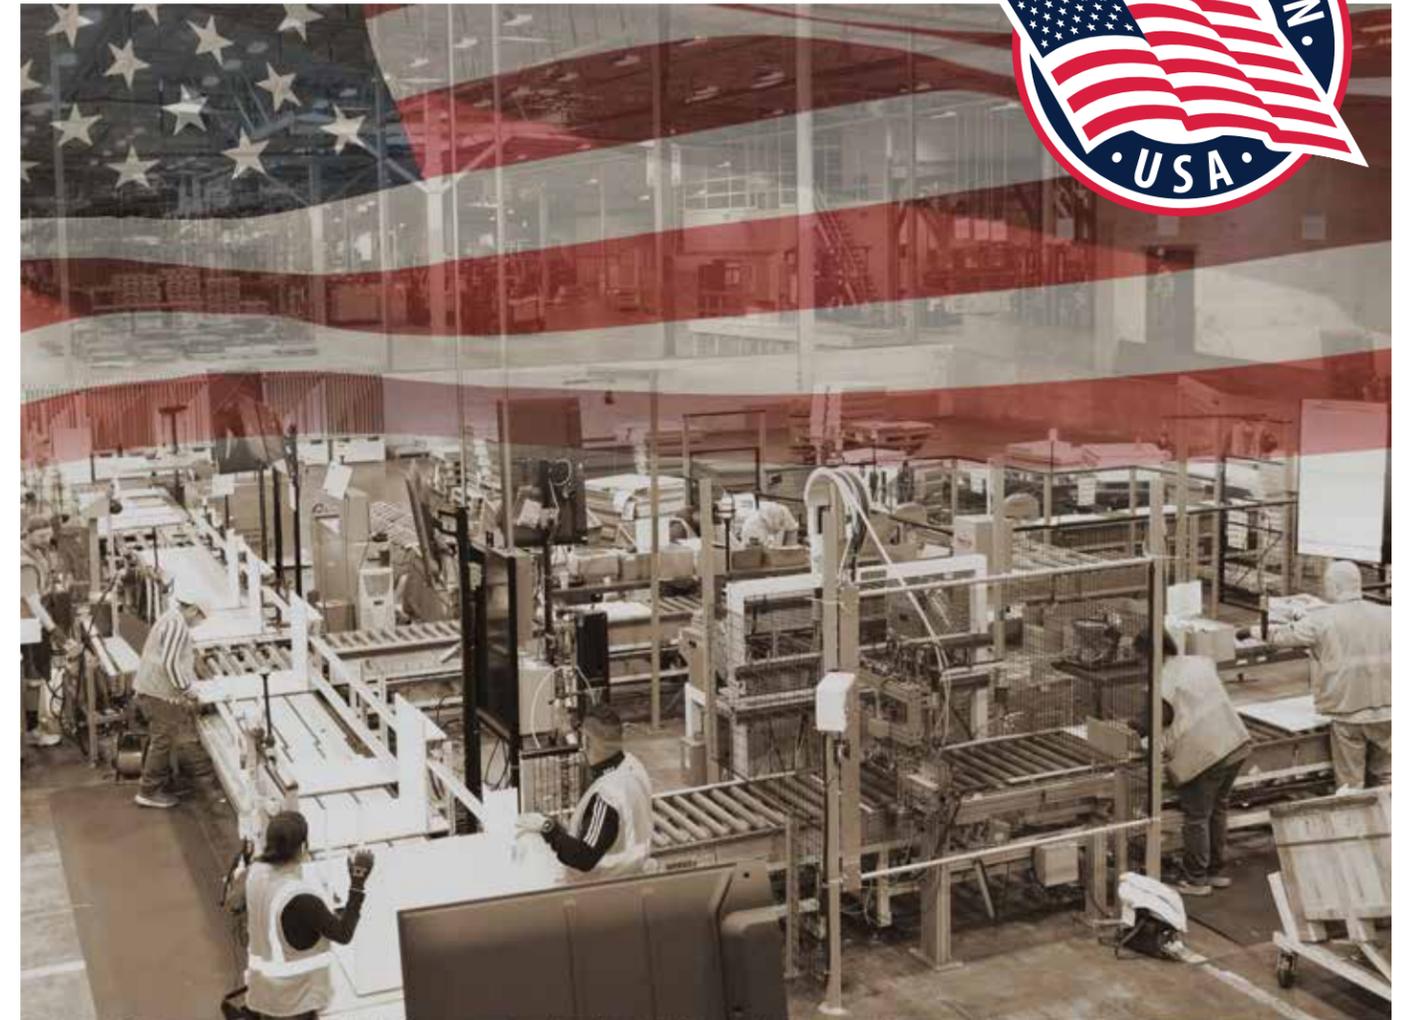

Sauder Campus — Today

Sauder Cabinetry — *Let's Build Something Great Together*

Introducing **Core34**, the Ready-To-Assemble cabinet line from Sauder Cabinetry, proudly Made in the USA for the American builder. Built on over 90 years of American manufacturing excellence in Archbold, Ohio, **Core34** is the new builder-grade solution that delivers on every metric that matters to you: your timeline, your budget, and your reputation. Whether you're outfitting a kitchen, bath, or multi-unit development, **Core34** delivers the reliability and craftsmanship you need — without compromise. The **Core34** line is your new core advantage. It's the cabinet solution that works as hard as you do.

OUR NEW READY-TO-ASSEMBLE CABINET LINE PROUDLY MADE IN THE USA FOR THE AMERICAN BUILDER

When you buy Sauder, you are buying from an American company with deep roots in the Midwest. Proudly manufactured in Archbold, OH, our products are made with U.S. and imported materials.

PREMIUM WOODGRAIN FINISH

Features & Benefits

- As a leading U.S. manufacturer of RTA furniture based in Archbold, OH, Sauder brings over 90 years of industry experience.
- Our frameless RTA cabinetry, **Core34**, supports improved cash flow with a streamlined two-week delivery lead time.
 - Full and half truckload delivery options are available
 - Single kitchen orders are accommodated and shipped LTL
- Pricing on average is 15% below our assembled cabinetry.
- We offer 30-day credit terms, with additional terms and discounts for stocking dealers.
- Lower freight costs per cabinet.
- No “Out of Stocks”.
- Flat pack cabinets facilitate convenient on-site delivery.
- Unique cam and dowel construction minimizes assembly time.
- Standard features include dowel and screw white polypropylene drawers with soft-close undermount drawer guides, along with 110-degree soft-close hinges.
- Solid wood dovetail drawers with soft-close undermount guides are also available for a modest upcharge.
- Replacement or add-on parts are fulfilled promptly.
 - Cabinets delivered within two weeks
 - Replacement doors and drawer fronts delivered within one week

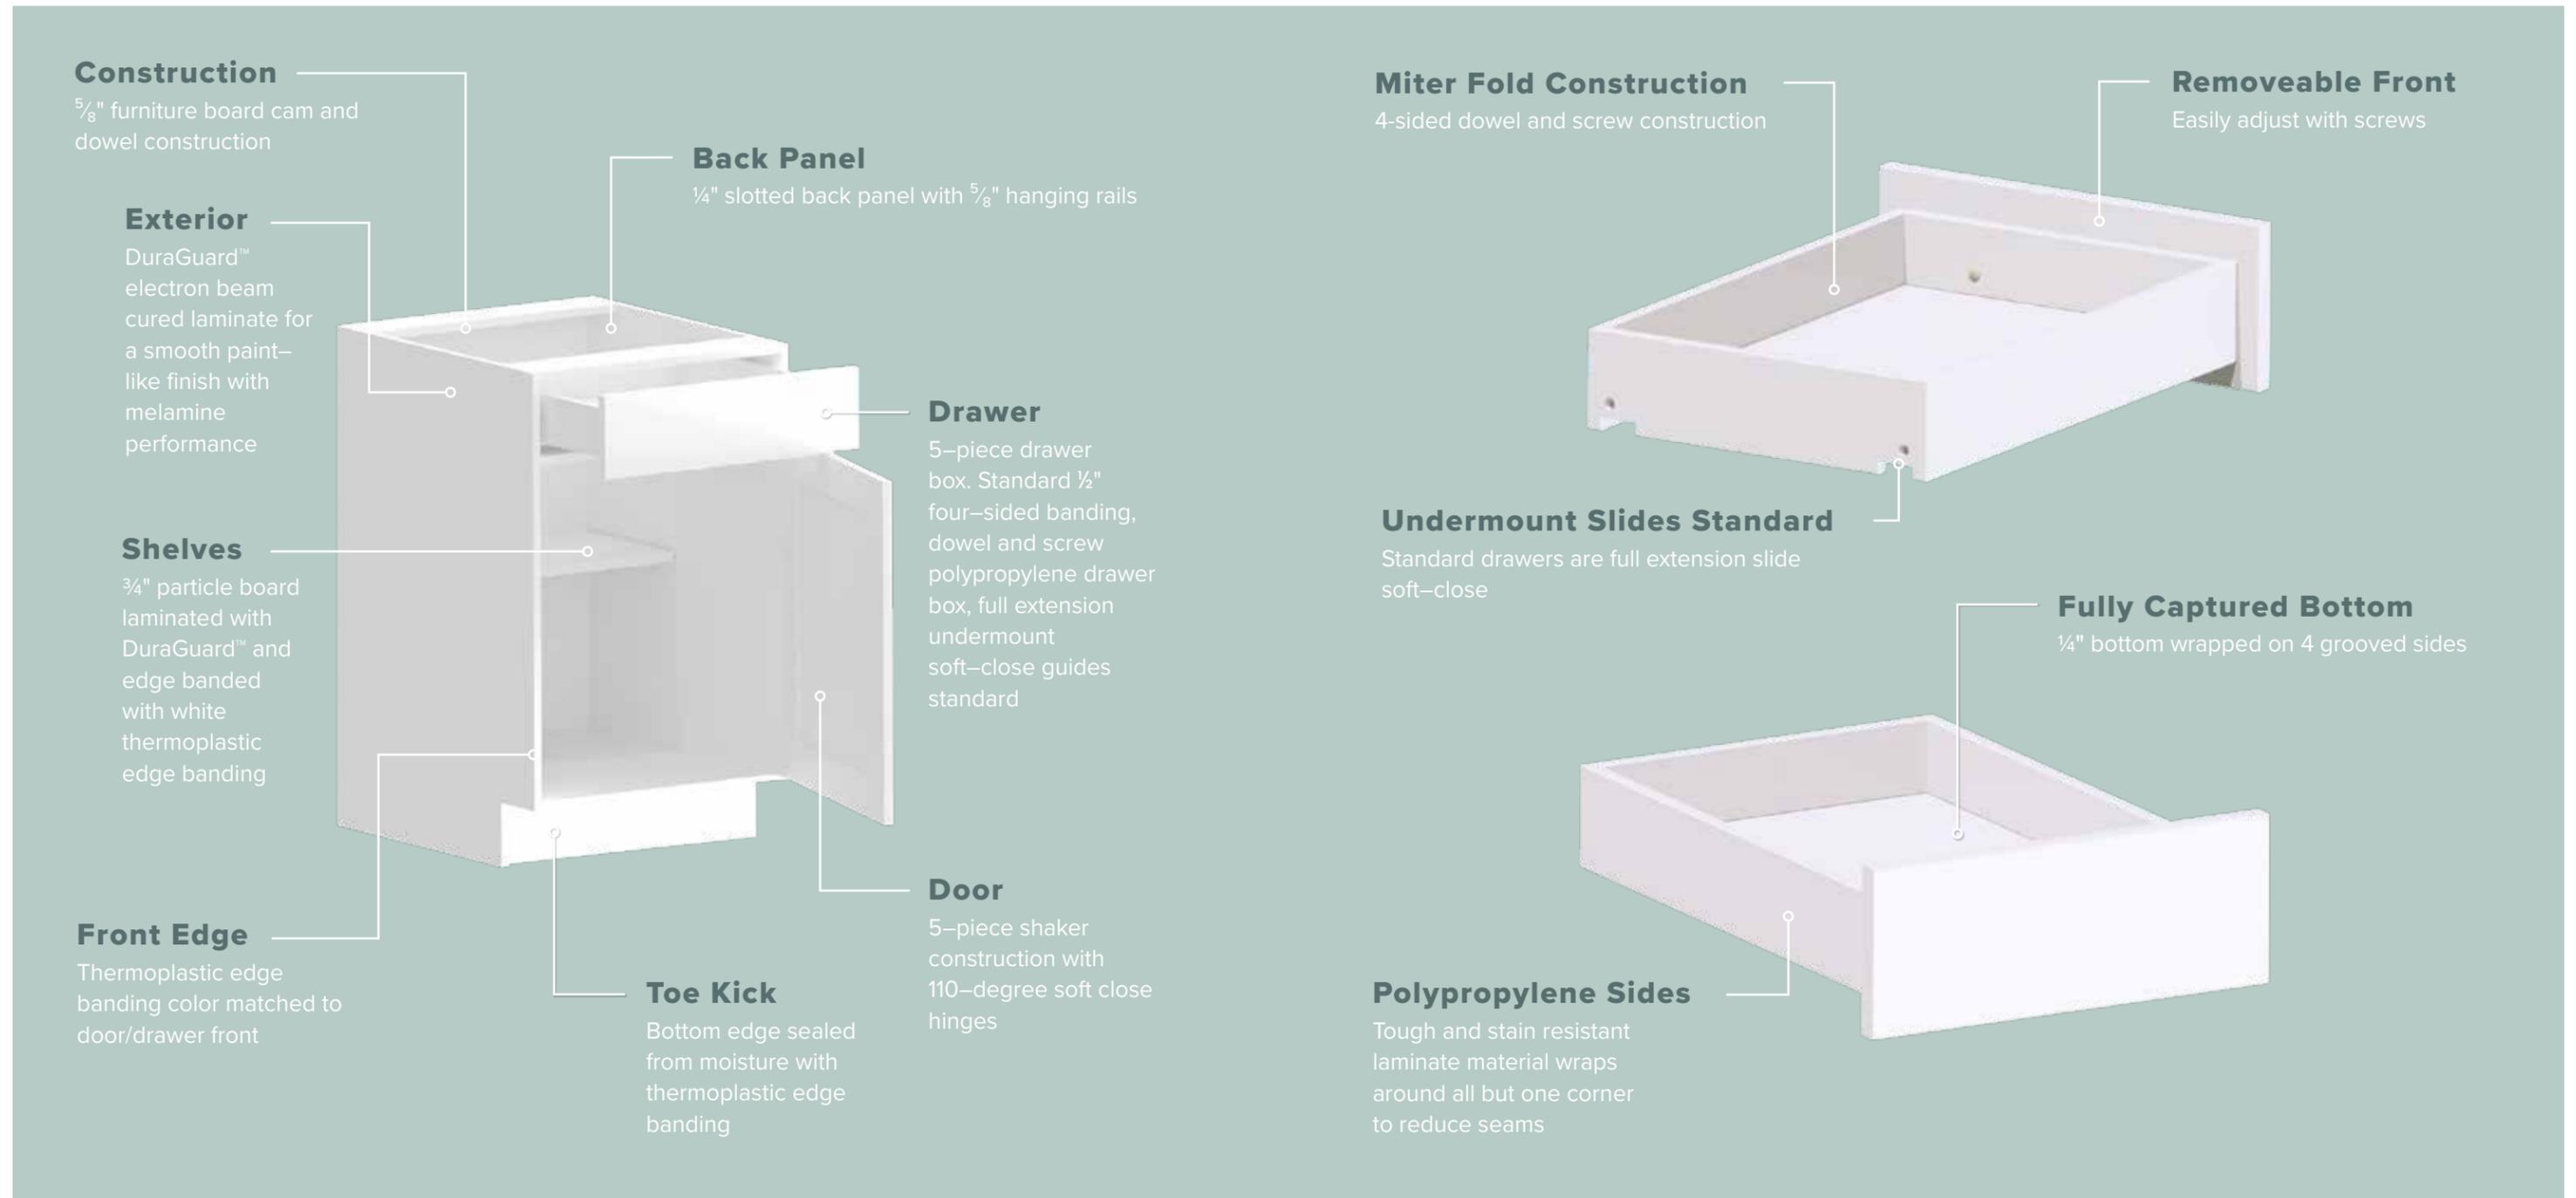

STANDARD CABINET DIMENSIONS

Cabinet	Depth	Height
Wall Cabinets	12"	12" / 15" / 18" / 21" / 30" / 36" / 42"
Base Cabinets	24"	34 ½"
Linen Cabinets	21"	84"
Utility Cabinets	24"	84" / 90" / 96" Height
Vanity Cabinets	21"	34 ¼" Height

HIGH QUALITY CABINETS

Core34 RTA Cabinets

We took more than 90 years of manufacturing and furniture experience and developed a high quality, full access cabinet with premium details not found in other similarly priced cabinets. This means more finished edges, fewer visible seams and our DuraGuard™ laminate finish with the appearance of a painted cabinet.

HIGH QUALITY DRAWERS

The RTA Advantage

- Flat-pack cabinets simplify on-site delivery
- Cam & Dowel construction for a fast and easy assembly
- Pricing on average is 15% below our assembled cabinetry
- 2-4 week delivery lead time
- Full and half box truck delivery options
- Made in the U.S.A.

CONSTRUCTION SPECIFICATIONS

Frameless Construction

All cabinets are frameless, with full access and full overlay styling. Panels and rail components are joined with engineered dowels, glue, screws or a combination of those components appropriate to the typical use of the cabinet. All frameless case construction is made from commercial grade furniture board with DuraGuard™ laminated, water resistant surfaces.

Cabinet Construction

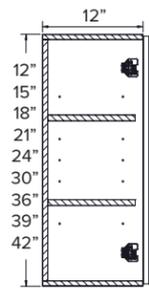

Back	1/4" furniture board; White DuraGuard™ laminate
Side Panels	5/8" furniture board; Matching DuraGuard™ laminate exterior and front edge, white interior
Top/Bottom	5/8" furniture board; White DuraGuard™ laminate exterior and front edge, white interior
Stretcher	5/8" furniture board; White DuraGuard™ laminate
Toe Kick	5/8" furniture board; White DuraGuard™ laminate
Shelves	Half depth adjustable 3/4" furniture board; White DuraGuard™ laminate
Hinges	6-way adjustable, fully concealed soft close hinges
Interior	White DuraGuard™ laminate finish

Standard Drawer

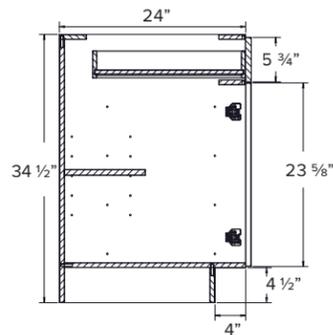

Guides	Soft close, full extension, undermount, 75 lb rating
Sides	1/2" furniture board; polypropylene laminate, 4-sided dowel and screw construction
Bottom	1/4" furniture board; polypropylene laminate
Back	1/2" furniture board, polypropylene laminate, miter fold
Drawer Front	Separate, attached with wafer screws
Adjustment	Adjustable via wafer screws

CARE & CLEANING

For normal spills, a damp cloth is sufficient. Remember to dry the surface immediately. 360° wrapped DuraGuard™ laminate doors can be cleaned with most general purpose household kitchen or bath cleaners. Do not use strong acids or caustic agents and/or abrasive scrubbers. Nicks and dings can be repaired with touch-up kits. Cabinet interiors can be cleaned with a damp sponge, a cloth using soapy water, or most general purpose household cleaners. Do not let liquids stay on the surface for a long period of time.

Sauder Cabinetry is TSCA Title VI Compliant / Indoor Air Quality

All Sauder Cabinetry meets or exceeds the standards set forth by TSCA TITLE VI for formaldehyde emission standards which are identical to CARB limits.

INSTALLATION SUGGESTIONS

Hinge Adjustments (Figure 1)

Soft-close hinges can be adjusted six ways. Adjust doors left and right with screw A. Adjust doors in and out (closer or further from the face of the cabinet) with screw B. Adjust doors up and down by loosening screw C on all door hinges; then, turn screw D the same direction and the same amount for each hinge.

Drawer Front Adjustments

Loosen wafer head screws slightly on inside of drawer box. Adjust drawer front as necessary and re-tighten screws.

Filler Strip Installation

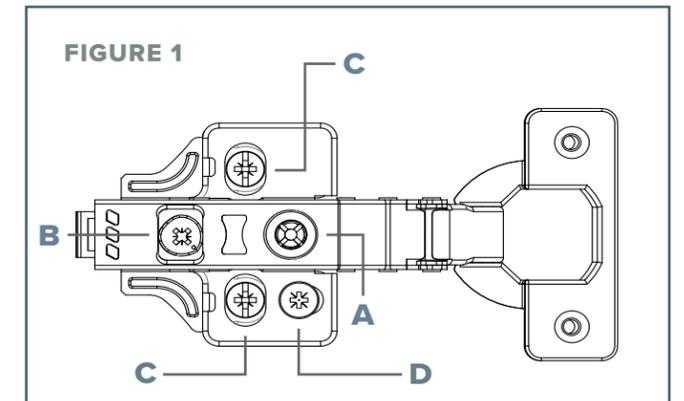

For optimum installation, drill a pilot hole at least 1" deep (or to the full depth of the screw) using a 1/8" drill bit. Use a #8 screw at least 1 5/8" long. Note: failure to drill a pilot hole will result in MDF splitting. Common screw types such as drywall, decking, construction, cabinet, and trim screws can be used; however, screws with self-drilling tips are best to minimize the risk of splitting the MDF. Filler is recommended on all cabinet runs to allow for tolerance stack up which can result in increased widths.

Binding Posts

To best align and secure cabinets together, drill through unused shelf pin holes with a 1/4" bit, and secure the cabinets with binding posts through the holes.

Mounting Screws

Recommend using at least 3" mounting screws into studs for all Wall Cabinet installations. WMS screws available.

WARRANTY

Limited 1-Year Warranty

Sauder Cabinetry warrants its products to the original purchaser to be free from all defects in material and workmanship under normal use for a period of one year from the original purchase date. Items included in this warranty are cabinet boxes, doors, drawers, shelves, and any accessories that are manufactured by Sauder Cabinetry. Any accessories and other products sold with or as part of any of the above-mentioned products that were not manufactured by Sauder Cabinetry are excluded from coverage by this limited warranty.

Warranty Limitations & Exclusions

This warranty does not cover any misuse, abuse, neglect, improper storage, exposure to moisture or extreme temperatures, improper installation, improper maintenance, or acts of God. The warranty does not apply to items that have been modified from their original form. In addition, this warranty does not cover any wear or deterioration resulting from natural aging, including expansion, contraction, hairline cracks or minor separation of seams. This warranty shall not apply in situations where loading or performance expectations exceed the Kitchen Cabinet Manufacturers Association testing and certification standards. In addition, this warranty does not cover products used in conjunction with Sauder Cabinetry cabinets, such as appliances, counter tops, or plumbing fixtures. No installer, retailer, distributor, or agent has the authority to alter the obligations or limitations in this warranty.

Warranty Performance

Sauder Cabinetry will not provide or pay for the cost of removal of defective product, transportation and shipping of defective, repaired or replaced product or installation of repaired or replaced product, regardless of whether the work is performed by a contractor, service company, or consumer. If the defective item is discontinued or not available, Sauder Cabinetry reserves the right to replace the item with the most similar item available at that time. Sauder Cabinetry may require, at its discretion, that the customer submit a clear photo, or that the installer, contractor, or service company view the item being claimed before honoring the warranty. Sauder Cabinetry must be notified in writing, within 90 days after discovering any defect in order to receive limited warranty coverage.
