1934 COLLECTIVE

Inspired by our heritage and engineered for modern living, the 1934 Collective honors the year Erie Sauder began crafting furniture in a small Ohio barn. It stands as a celebration of quality, craftsmanship, and innovation—principles that continue to guide us nearly a century later.

Proudly manufactured in Archbold, Ohio, this collective reflects generations of American craftsmanship and a steadfast dedication to producing exceptional cabinetry close to home. While design trends and lifestyles have evolved, our commitment to manufacturing in Northwest Ohio remains unchanged. We understand the unique pressures facing today's builders and developers—successfully balancing premium design, rigorous performance, demanding timelines, and true value on every project.

Distinct by Design. Better Together.

Better together, Core34 and Signature34 deliver the perfect balance of design, functionality, and value. Designed to complement one another, these collections offer flexible cabinetry solutions for every project. Core34's cost-effective Ready-to-Assemble (RTA) cabinetry maximizes project budgets, while Signature34's fully assembled cabinetry delivers elevated finishes, premium features, and installation-ready convenience. Together, they give builders and homeowners the freedom to mix and match, maximize their investment, and create beautifully coordinated spaces throughout the home.

CORE34™ RTA CABINETS

Core34 | Streamlined Efficiency

Redefines affordability by delivering dependable style and precision-engineered, ready-to-assemble construction that optimizes both shipping and project budgets.

SIGNATURE™ 34

Signature34 | A Higher Standard of Everyday Living

Delivers a true premium experience for spaces demanding an elevated touch. This fully assembled, full-access cabinetry line pairs seamless architectural detailing with designer-inspired finishes, proving that an upscale aesthetic can still be engineered for real-world budgets.

FULL ACCESS CABINETRY

More Space. More Function. More Room To Live.

More Usable Space

Wider openings make it easier to see, reach, and organize inside your cabinets.

Easy Access

No center stile means fewer obstructions when storing and retrieving larger items, cookware, serving pieces, and everyday essentials.

Depth That Makes A Difference

Enjoy spacious, deeper drawers that can hold entire cutlery sets, bulky utensils, and nested pots and pans with ease.

Seamless By Design

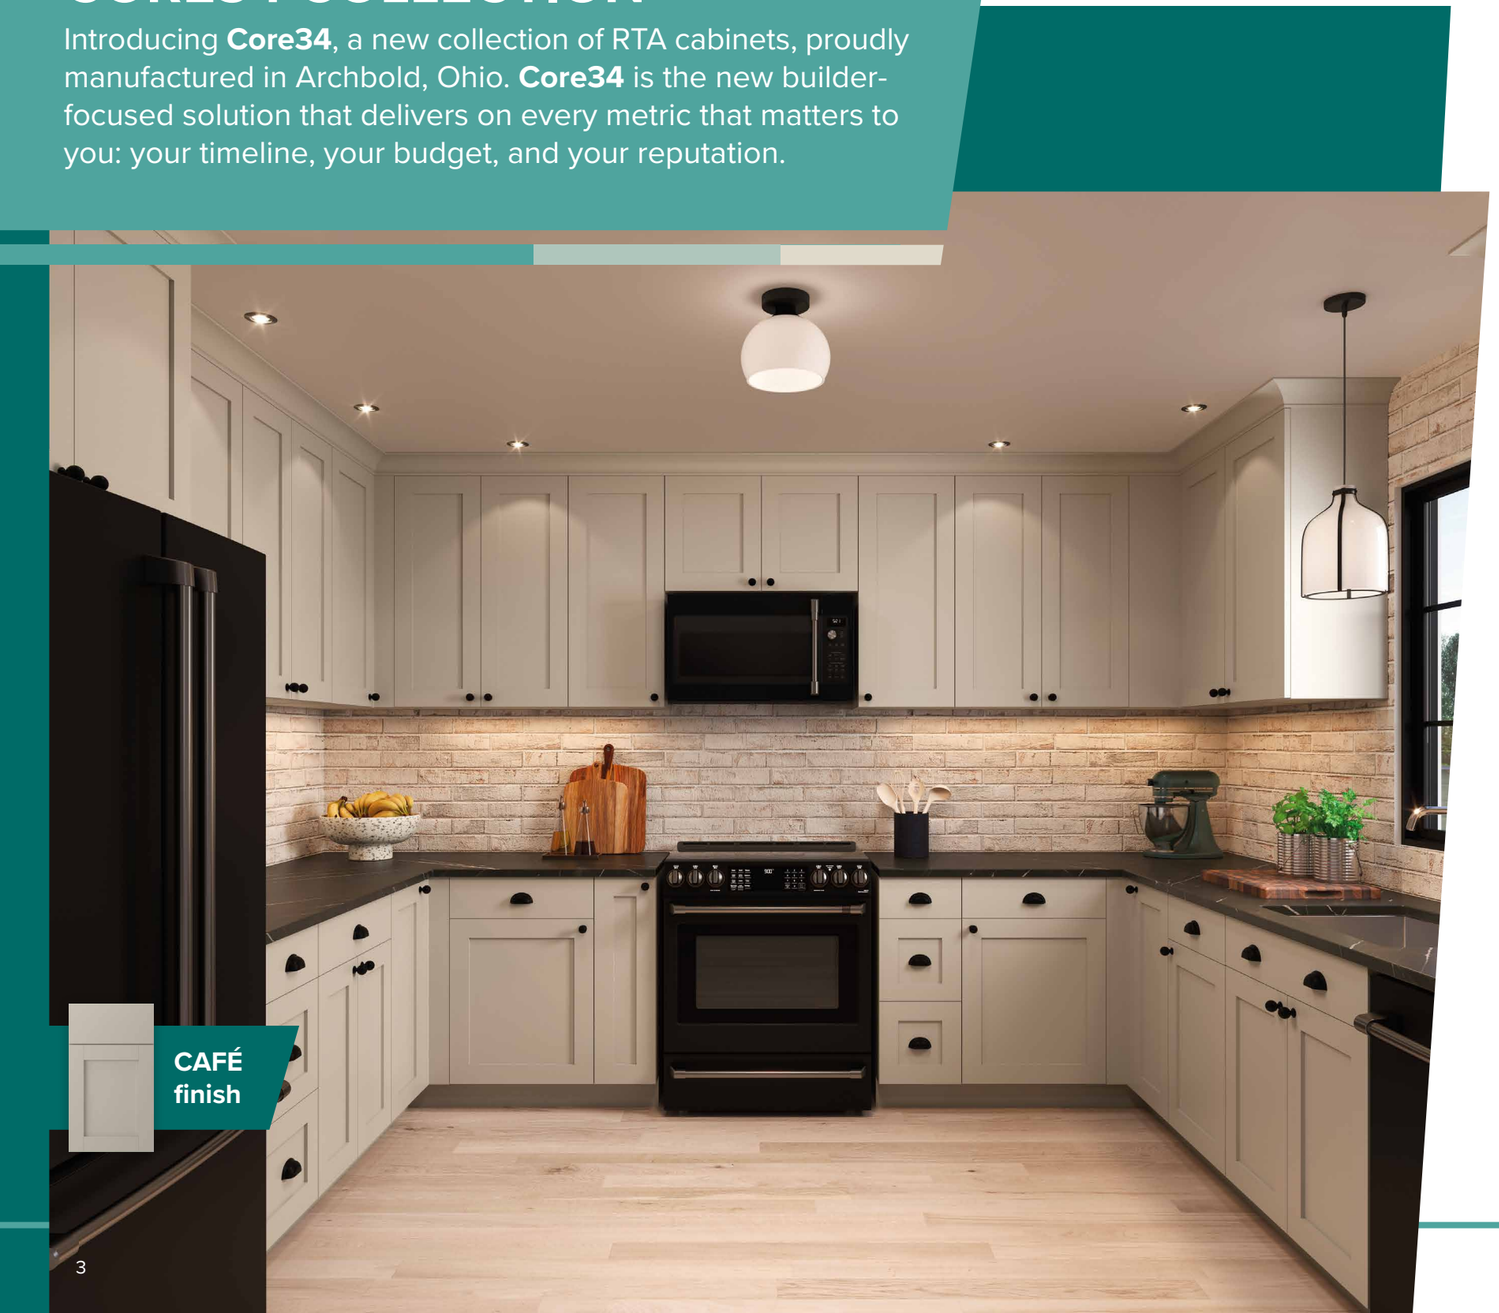

Full-access construction creates a clean, uninterrupted flow of cabinetry that looks custom-built and sophisticated.

CORE34 COLLECTION

Introducing **Core34**, a new collection of RTA cabinets, proudly manufactured in Archbold, Ohio. **Core34** is the new builder-focused solution that delivers on every metric that matters to you: your timeline, your budget, and your reputation.

CAFÉ finish

THE SHAKER PALETTE

Available in the timeless, versatile, and durable Shaker Door style. A selection of designer-inspired finishes designed to turn our definitive door style into your personal design statement.

SOLID FINISHES

GLACIER WHITE | CAFÉ | SLATE

Everything you need to specify,
order, and launch your next project.

DESIGN SOFTWARE INTEGRATION

Seamlessly Plan Your Projects — Sauder Cabinetry is fully integrated into the industry-leading **2020 and ProKitchen Design** software, allowing you to generate precise layouts and accurate project quotes. Visit **saudercabinetry.com** to download our digital catalog and streamline your specification process.

Note: A valid 2020 and ProKitchen Design License is required for use.

Industry Certifications & Compliance

Tested Performance, Responsible Sourcing
We build to standards that protect both your reputation and our natural resources.

The KCMA Quality Certification Seal: Our cabinetry has passed the most rigorous durability and performance benchmarks in the marketplace today—including strict testing for weight capacity, door hinge cycles, and finish resistance.

ANSI/KCMA A161.1

KCMA Environmental Stewardship Certification (ESP): We firmly support and encourage responsible forest management practices that promote long-term sustainability. This certification validates our ongoing commitment to the intelligent, ethical use of our natural resources.

KITCHEN CABINET MANUFACTURERS ASSOCIATION'S ENVIRONMENTAL STEWARDSHIP PROGRAM (ESP). ALL PRODUCTS IMPACT THE ENVIRONMENT. FOR ESP PROGRAM CRITERIA, VISIT KCMA.ORG

Build America, Buy America (BABA) Act Compliant: Proudly manufactured in Archbold, Ohio, our products meet federal domestic sourcing requirements. This compliance makes Sauder Cabinetry an eligible and dependable choice for publicly funded infrastructure projects, housing developments, and government contracts.

Inspired by Design. Defined by You.
From designer-inspired finishes, refined door styles, and creative combinations, discover the possibilities to make every space uniquely yours.
