SAUDER CABINETRY

SIGNATURE™ 34

Inspired by our heritage and engineered for modern living, the Signature34 collection honors the year Erie Sauder began crafting furniture in a small Ohio barn. It stands as a celebration of quality, craftsmanship, and innovation—principles that continue to guide us nearly a century later.

Proudly manufactured in Archbold, Ohio, this collection reflects generations of American craftsmanship and a steadfast dedication to producing exceptional cabinetry close to home. While design trends and lifestyles have evolved, our commitment to manufacturing in Northwest Ohio remains unchanged. We understand the unique pressures facing today's builders and developers—successfully balancing premium design, rigorous performance, demanding timelines, and true value on every project.

Signature34 | A Higher Standard of Everyday Living

Delivers a true premium experience for spaces demanding an elevated touch. This fully assembled, full-access cabinetry line pairs seamless architectural detailing with designer-inspired finishes, proving that an upscale aesthetic can still be engineered for real-world budgets.

FULL ACCESS CABINETRY

More Space. More Function. More Room To Live.

More Usable Space

Wider openings make it easier to see, reach, and organize inside your cabinets.

Easy Access

No center stile means fewer obstructions when storing and retrieving larger items, cookware, serving pieces, and everyday essentials.

Depth That Makes A Difference

Enjoy spacious, deeper drawers that can hold entire cutlery sets, bulky utensils, and nested pots and pans with ease.

Seamless By Design

Full-access construction creates a clean, uninterrupted flow of cabinetry that looks custom-built and sophisticated.

PRO RESOURCES

Everything you need to specify,
order, and launch your next project.

DESIGN SOFTWARE INTEGRATION

Seamlessly Plan Your Projects — Sauder Cabinetry is fully integrated into the industry-leading **2020 and ProKitchen Design** software, allowing you to generate precise layouts and accurate project quotes. Visit **saudercabinetry.com** to download our digital catalog and streamline your specification process.

Note: A valid 2020 and ProKitchen Design License is required for use.

Industry Certifications & Compliance

Tested Performance, Responsible Sourcing
We build to standards that protect both your reputation and our natural resources.

The KCMA Quality Certification Seal: Our cabinetry has passed the most rigorous durability and performance benchmarks in the marketplace today—including strict testing for weight capacity, door hinge cycles, and finish resistance.

KCMA Environmental Stewardship Certification (ESP): We firmly support and encourage responsible forest management practices that promote long-term sustainability. This certification validates our ongoing commitment to the intelligent, ethical use of our natural resources.

Build America, Buy America (BABA) Act Compliant: Proudly manufactured in Archbold, Ohio, our products meet federal domestic sourcing requirements. This compliance makes Sauder Cabinetry an eligible and dependable choice for publicly funded infrastructure projects, housing developments, and government contracts.

PARTNER ONBOARDING & ORDERING

Set Up an Account: Partner with us by contacting your local sales representative, emailing our team at **saudercabinetry@sauder.com**, or calling **(800) 472-2722.**

- **Online Dealer Portal:** Once your account is active, you will receive secure login credentials to our digital portal. Here, you can place orders, track real-world shipments, look up invoices, and download our latest marketing and specification resources.

LOGISTICS & SHIPPING

Freight and delivery logistics can be seamlessly arranged directly by Sauder Cabinetry or coordinated independently by the customer.

SIGNATURE34 PALETTE

Designed to Reflect Your Vision

A refined selection of six designer-inspired finishes and a choice of classic Shaker or contemporary Slab door styles, Signature34 offers the versatility to bring a wide range of design aesthetics to life. The result is a collection that balances timeless appeal with modern sophistication, creating spaces that feel elevated, cohesive, and enduring.

SAUDER CABINETRY

THE SIGNATURE34 DIFFERENCE

Signature34 Full Access Cabinets

We took more than 90 years of manufacturing and furniture experience and developed a high quality, full access cabinet with premium details not found in other similarly priced cabinets. This means more finished edges, fewer visible seams and our DuraGuard™ laminate finish with the appearance of a painted cabinet.

1 CONSTRUCTION
⅝" furniture board cam and dowel construction

2 BACK PANEL
¼" slotted back panel with ⅝" hanging rails

3 EXTERIOR
DuraGuard™ laminate for a smooth paint-like finish with melamine performance

4 DRAWER
Infinity miter fold drawer construction with wrapped polypropylene Northern Maple finish drawer sides, standard full extension undermount soft close guides

5 SHELVES
¾" particle board laminated with DuraGuard™ and edge banded with white thermoplastic edge banding

6 FRONT EDGE
Thermoplastic edge banding color matched to door/drawer front

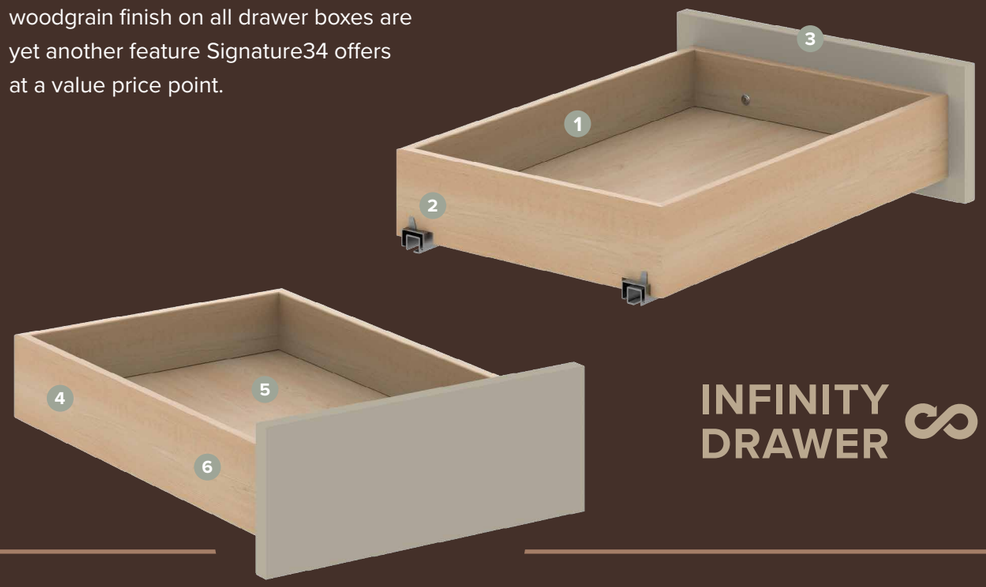

7 DOOR
5-piece shaker construction with 110-degree soft close hinges

8 TOE KICK
Bottom edge sealed from moisture with thermoplastic edge banding

High Quality Drawers

Using a unique, automated manufacturing system developed in-house, we created our Infinity Drawer. Why the Infinity Drawer? Because its front, sides, and back are one continuous piece wrapped around to fully capture a 1/2" drawer bottom, which creates a strong drawer with a clean exterior look.

Featuring full extension undermount soft-close guides and our beautiful Northern Maple woodgrain finish on all drawer boxes are yet another feature Signature34 offers at a value price point.

INFINITY DRAWER ∞

1 MITER BOX CONSTRUCTION
V-grooved drawer side glued, folded and nailed to provide strength

2 UNDERMOUNT SLIDES STANDARD
Full extension undermount soft close guides standard

3 REMOVEABLE FRONT
Easily adjust with screws

4 NORTHERN MAPLE FINISH
Drawer box features our beautiful Northern Maple woodgrain finish

5 FULLY CAPTURED BOTTOM
½" bottom wrapped on 4 grooved sides

6 POLYPROPYLENE SIDES
Tough and stain resistant laminate material wraps around all but one corner to reduce seams

FULL ACCESS CONSTRUCTION

More Space. More Function. More Room to Live.

All cabinets are full access, with full overlay styling. Panels and rail components are joined with engineered dowels, glue, screws, or a combination of those components appropriate to the typical use of the cabinet. All full access case construction is made from commercial grade furniture board with DuraGuard™ laminated, water-resistant surfaces.

Cabinet Construction

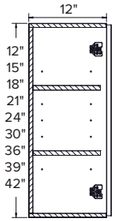

Back	¼" furniture board; White DuraGuard™ laminate
Side Panels	⅝" furniture board; Matching DuraGuard™ laminate exterior and front edge, white interior
Top/Bottom	⅝" furniture board; White DuraGuard™ laminate exterior and front edge, white interior
Stretcher	⅝" furniture board; White DuraGuard™ laminate
Toe Kick	⅝" furniture board; White DuraGuard™ laminate
Shelves	Half depth adjustable ¾" furniture board; White DuraGuard™ laminate
Hinges	6-way adjustable, fully concealed soft close hinges
Interior	White DuraGuard™ laminate finish

Standard Drawer

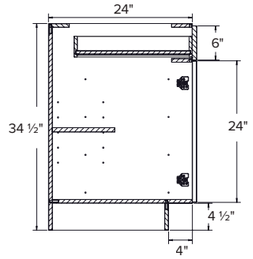

Guides	Soft close, full extension, undermount, 75 lb rating
Sides	½" furniture board; polypropylene laminate, 4-sided dowel and screw construction
Bottom	¼" furniture board; polypropylene laminate
Back	½" furniture board, polypropylene laminate, miter fold
Drawer Front	Separate, attached with wafer screws
Adjustment	Adjustable via wafer screws

- *L-Fillers required on any wall to wall runs to account for door openings and cabinet tolerances*

DEAD CORNER AND OVERHEAD IN CORNER

- *Combine 6" L-Filler and 3" L-Fillers to complete dead corners for base and wall cabinets*

CARE & CLEANING

For normal spills, a damp cloth is sufficient. Remember to dry the surface immediately. 360° wrapped DuraGuard™ laminate doors can be cleaned with most general purpose household kitchen or bath cleaners. Do not use strong acids or caustic agents and/or abrasive scrubbers. Nicks and dings can be repaired with touch-up kits. Cabinet interiors can be cleaned with a damp sponge, a cloth using soapy water, or most general purpose household cleaners. Do not let liquids stay on the surface for a long period of time.

Sauder Cabinetry is TSCA Title VI Compliant

All Sauder Cabinetry meets or exceeds the standards set forth by TSCA TITLE VI for formaldehyde emission standards which are identical to CARB limits.

INSTALLATION SUGGESTIONS

Hinge Adjustments (Figure 1)

Soft-close hinges can be adjusted six ways. Adjust doors left and right with screw A. Adjust doors in and out (closer or further from the face of the cabinet) with screw B. Adjust doors up and down by loosening screw C on all door hinges; then, turn screw D the same direction and the same amount for each hinge.

Drawer Front Adjustments

Loosen wafer head screws slightly on inside of drawer box. Adjust drawer front as necessary and re-tighten screws.

Filler Strip Installation

For optimum installation, drill a pilot hole at least 1" deep (or to the full depth of the screw) using a ⅛" drill bit. Use a #8 screw at least 1 ⅝" long. Note: failure to drill a pilot hole will result in MDF splitting. Common screw types such as drywall, decking, construction, cabinet, and trim screws can be used; however, screws with self-drilling tips are best to minimize the risk of splitting the MDF. Filler is recommended on all cabinet runs to allow for tolerance stack up which can result in increased widths.

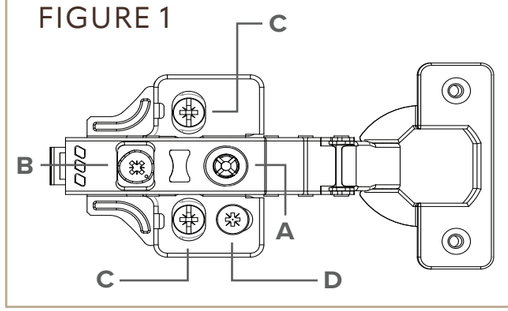

Binding Posts

To best align and secure cabinets together, drill through unused shelf pin holes with a ¼" bit and secure the cabinets with binding posts through the holes.

Mounting Screws

Recommend using at least 3" mounting screws into studs for all Wall Cabinet installations. WMS screws available.

FIGURE 1

WARRANTY

Limited 1-Year Warranty

Sauder Cabinetry warrants its products to the original purchaser to be free from all defects in material and workmanship under normal use for a period of one year from the original purchase date. Items included in this warranty are cabinet boxes, doors, drawers, shelves, and any accessories that are manufactured by Sauder Cabinetry. Any accessories and other products sold with or as part of any of the above-mentioned products that were not manufactured by Sauder Cabinetry are excluded from coverage by this limited warranty.

Warranty Limitations & Exclusions

This warranty does not cover any misuse, abuse, neglect, improper storage, exposure to moisture or extreme temperatures, improper installation, improper maintenance, or acts of God. The warranty does not apply to items that have been modified from their original form. In addition, this warranty does not cover any wear or deterioration resulting from natural aging, including expansion, contraction, hairline cracks or minor separation of seams. This warranty shall not apply in situations where loading or performance expectations exceed the Kitchen Cabinet Manufacturers Association testing and certification standards. In addition, this warranty does not cover products used in conjunction with Sauder Cabinetry cabinets, such as appliances, counter tops, or plumbing fixtures. No installer, retailer, distributor, or agent has the authority to alter the obligations or limitations in this warranty.

Warranty Performance

Sauder Cabinetry will not provide or pay for the cost of removal of defective product, transportation and shipping of defective, repaired or replaced product or installation of repaired or replaced product, regardless of whether the work is performed by a contractor, service company, or consumer. If the defective item is discontinued or not available, Sauder Cabinetry reserves the right to replace the item with the most similar item available at that time. Sauder Cabinetry may require, at its discretion, that the customer submit a clear photo, or that the installer, contractor, or service company view the item being claimed before honoring the warranty. Sauder Cabinetry must be notified in writing, within 90 days after discovering any defect in order to receive limited warranty coverage.
