Because of the wide range of requirements throughout states, and municipalities, It is possible that the plans may not have all the information required by your building Department. If this is the case the Buyer is responsible for any added cost incurred for Further documentation, structural details, and or revisions to the plans. Some States require that a licensed Architect or Engineer review and stamp the plans. If this is the Case it is the Buyers responsibility to Hire, Secure, and or Assign a local Architect or Engineer of Record to review and stamp the plans.

CRAFTSMAN ARCHITECTURAL DESIGN & DRAFTING IS NOT AN ARCHITECTURAL OR ENGINEERING FIRM AND ASSUMES NO RESPONSIBILITY FOR THE CALCULATIONS CONTAINED IN THESE PLANS. THIS REFERS TO STRUCTURAL ADVISORIES THAT MAY OR MAY NOT BE INCLUDED, SUCH AS LOAD BEARING BEAMS, FLOOR SYSTEMS, HEADERS, LEDGERS, ROOF ASSEMBLY, AND LOAD BEARING FRAMING. THESE ARE NOT STRUCTURAL ENGINEERED PLANS. THESE PLANS ARE PROVIDED AS COURTESY ONLY. THE FOUNDATION, FRAMING AND ASSOCIATED DETAILS ARE PROVIDED AS A BASIC GUIDE FOR A TYPICAL SPREAD FOOTING, CONCRETE BLOCK AND REINFORCED CONCRETE SLAB OR CONVENTIONAL WOOD FRAMED SYSTEM. THE CONTRACTOR SHALL VERIFY ALL LUMBER SIZES, SPANS AND LOAD CALCULATIONS PER CODE. A LOCAL ENGINEER SHOULD ALWAYS BE CONSULTED. BOTH ENGINEER AND BUILDER, CONTRACTOR, SHALL ASSUME FULL RESPONSIBILITY TO VERIFY THE CONDITIONS OF THESE ARCHITECTURAL PLANS.
