

Thank you for your donation totalling £165

Dear Michael,

Thank you so much for your recent kind donation arising from the collection you undertook.

This was so kind of you.

Your support for the charity is greatly appreciated. Over the past year, we have been able to make 50 grants to local sports clubs and event organisers for defibrillators, medical cover, training courses, equipment, and general sponsorship.

Your donation will help us to continue our work in other locations and with other clubs.

Thank you again Mat.
