

**The committee has been talking to the EA regarding these high temperatures we have been advised to ban keepnets until the temperature drops to around 20 degrees at the moment our water temperature is pushing 26 degrees!**

**Lambourne lakes will be open again from Monday 29<sup>th</sup> June.**

**Obviously matches will not be going ahead at the moment.**

**Also do not keep any fish out of the water longer than absolutely necessary this includes no photos!**

**Finally only the smallest amount of loose feed including groundbait.**

**Hopefully this won't be for too long, please follow these requests or we will have to think about closing our fisheries which is the last thing we want to happen**

**of course look after yourself as well, take plenty of water with you and don't forget your umbrella and a hat.**

**ECAS Committee**
