	<p><b>(b) Nominations for Executive Council</b></p>	<p>members of DPD could join our branch. This would help improve communication during pay ballots and any other important information members need to know about. It was also put to the members regarding this proposed move, that as we have a National Negotiation Committee and a national bargaining agreement, it would also make sense as every weekly employed member of staff at DPD across all sites is affected.</p> <p>It was also highlighted by BC that members of other branches would not automatically be moved into the national branch, they would have to be moved if they chose to after proper consultation from Unite.</p> <p>The Branch Secretary will ensure that the relevant people within Unite will be notified of our motion and push to get the status changed. It is noted with EC elections taking place, that there maybe a delay with this transition.</p> <p><b>Motion proposed by BC</b>  <b>Seconded by PP</b>  <b>Motion carried by: 23 votes</b></p> <p>The nominations for the National seats, West Mids seats and the Industrial sector seats were discussed and voted on who the branch wanted to back.
