

PETALS

While our petals will last up to 72 hours stored in a cool, dry place, we recommend that all bags be placed in refrigeration to maintain freshness. Upon arrival, open the box and inspect the Rose Petals.

Remove all the bags from the box. If a bag has too much condensation on the inside, open and dry the bag with a paper towel and reseal. Place the bags in refrigeration until ready to use.

NOTE: Please avoid freezing petals. Ensure that your refrigerator does not reach below 35 degrees or the Rose Petals will be damaged.

Life	Average life with proper care and handling, approximately 5 days.
Seasonal	Year Round
Special Notes	Each bag of Rose Petals contains an average of 1000 petals
