

I am a sculpture artist living in Huntsville Alabama. I have worked in many mediums including pencil, pen, paint, photography, and sculpture. I use the technical expertise I have gained from working in the aerospace industry for more than 30 years in my Lifecasting. My work is predominately erotic with several themes including Greek, burlesque, and commentaries on sexuality.

Experience

2016-Present Business Owner
3D Perceptions
Created in 2016 to sell erotic sculptures, do-it-yourself kits, Lifecasting services, and classes. Established an international clientele selling over approximately 100 pieces a year through Etsy and stand-alone website.

Artist Statement

My ambition is to create pieces that focus on the communication contained in a form, or body part. I am fascinated by the reaction to these messages, attaching expectation or ownership. I want to frame these ideologies and incite the viewer to hear them and question their validity.
