

Property valet specialists

# Pressure Steam Cleaning

**Barker's Heritage restoration specialise in all aspects of high pressure washing and exterior cleaning solutions. We clean a range of exterior surfaces including; decking, patios, flag stone, crazy paving, paving slabs, tarmac, concrete, stone, brick, cladding, UPVC, signs, awnings, block paving, canopies, paths, forecourts and driveways. We also clean brick walls, garden furniture, roofs, gutters and more.**

# Our approach?

We specialise in cleaning and restoring all types of surfaces across London and the surrounding counties and provide a Professional Surface Restoration package. We use Industrial equipment and expert industry knowledge to achieve the best results whether restoring a car park, roof, driveway or patio. We also offer a sealing service to protect the surface from further deterioration.

*Tiling restored to its natural colour - Wickford, Essex*

# Why restore my facade?

**1** Increase your curb appeal and **value**.

**2** Clean surfaces eliminate **slipping**.

**3** Preserve your investments **integrity**.

# Build your own package

Our System is unique in achieving temperatures up to 150 degrees at the nozzle end – making it a ‘superheated water system’. Designed and developed to effectively remove paint, biological matter and general dirt and grime without causing harm or shock to the substrate.
