AND just like that, another year is almost over.

To recap our dance year, classes have gone smoothly without the constant interruptions of Covid. Socials and classes have been well attended and we have lovely new people dancing with us. Some have danced before, some are new to the area, and some are new beginners. Thank you for making them so welcome. Like ducks to water, they're all dancing well and know a lot of dances. We're so pleased you decided to join us.

I planned this year to revise more favourite Golden Oldies and less new dances. We've had a 50/50 mix of both old and new which seems to have been well received.

We've been busy with socials and outings. Our Sept 'Hawaiian' social was fun, as was October's 'Surf & Turf' theme. So many different ideas for fantastic outfits. Special thank you to our Kempsey friends for your support and friendship. We look forward to our socials for many reasons, one of which is catching up with friends.

Maitland Muster has been and gone. It was so good to be back among friends from away after missing the last 2 years due to Covid. Local Hunter Shanon Dickson DJ'd the first day and put everyone at ease with his casual but professional approach. He taught one of his new dances, which we've since learned in class. John & Jennifer Hughes from Sydney took the evening session with Ian Trembath and Paul McQueen from Forster rocking Sunday. I could fill pages here but as they say 'you had to be there'. Next year, eh? Big thank you to host and co-ordinator Pearl Mansfield who took on a massive job and totally nailed it!

COMING UP  
NEXT!

**COMING UP** on Sat 19 Nov is our **Scottish social** at Telegraph Point. Theme of course is Scottish so you can wear your family tartan or dress in the blue and white of the flag. We'll take 2 extra group photos, one tartan and one blue/white. You know you'll have to remind me on the day to do this!

Then there's our **Christmas** party/social on Sat 3 Dec at Kendall hall. All are welcome. We need numbers asap so please write 'Xmas' beside your name in the usual sign-in book if you are coming, and names of any guests. Your donations for our massive hamper raffle are rolling in. Debby & Ros from Kendall and Heather & Lyn from Port are collecting whatever you bring and will wrap and put together the hampers, then bring them along on the day. Thank you all for your help, generosity and your fabulous team work which always amazes me.

## ROZ (EVANS) AHMET

I was born in Kempsey, number 4 of 7 children, 3 girls, 4 boys. Unfortunately we never grew up together as my parents separated when I was 7 yrs old.

After 12 months in Cowper Orphanage, my younger sister & I were fostered by our next door neighbour Mrs Avery and her husband Sam. Sam passed away when I was 12 but I continued to live with Mrs Avery in Kempsey until I moved to Sydney when I was 18.

My first job in Kempsey was with Kempsey Toyota where I worked from age 16 to 18.

I followed my boyfriend, who was from Telegraph Point, to Sydney where I met up with my mother. I married in 1973. I have one son, Luke, from my first marriage.

In 1990 I married my 2nd husband Emir. Emir and I discovered linedancing in 1993; we were both hooked. In 2003 after performing a line dance demo we saw a clogging group performing. We decided we might like that too and so began our journey into clogging. Our life was filled with linedancing and clogging; meeting some wonderful people who still are part of my family.

Unfortunately in 2008 my husband passed away after a 6 year battle with cancer. In 2020 I retired after 50 yrs and 4 mths of living and working in Sydney.

I didn't realise I liked to travel until I was asked to join my clogging friends on a trip to Europe back in 2016. I was hooked and managed to get in trips to USA and Canada before Covid hit.

My son married a girl from Wauchope. They have 2 children Chad 14 and Lacey 13. We decided to sell up in Sydney and move to the country. How fortunate we were to find a house on 2.5 acres in Yippin Creek. The shed was converted to a granny flat for me.

I am so lucky to be able to continue linedancing up this way. The only downside is no clogging classes at this stage. My family tells me I have a busier social life than them.

**Ed note:** As I write, Ros is interstate at clogging workshops & socials. Last weekend she linedanced at socials for three days during the Maitland Muster, then followed up with classes in Port and Camden Haven throughout the week. Just wow!

Roz is the last in our series 'WHO ARE WE?' - a special 2022 feature aimed at better understanding those friends who we don't *really* know even though we stand next to them on the dance floor week after week.

Thank you to our lovely friends who shared their life and passions with us:

Christmas is a busy time for us with siblings, our kids, grandkids and great grandies. Generations overlap and 5 great-grandkiddies are much the same age as the 4 youngest grandkids.

To keep him sane, Jim has his music and jamming with friends. As well as linedancing, our joint interests include gardening and fish-keeping.

We've been tidying up the yard and replanting. Jim does all the mowing and heavy digging. I weed, plant and tell him what to do!

And then there's the fish obsession! We started with one 20 litre tank and now have fish tanks lining both walls of the lounge room; ie 2 x 4ft tanks and 5 x 2ft, all running on canister filters, and 4 x 20ltr fry tanks with sponge filters. The bigger fish have names. Caramel Jnr is an albino bristlenose, who along with Big Mama, have 40 fry. Super & Red are also bns. Tubby is an overweight goldfish, one of 4. 'The puppies' are 9 peacock cichlids in a 4ft tank who come when called. That's just some. Tropical fish are relaxing and fun to keep, but we have waaay too many.

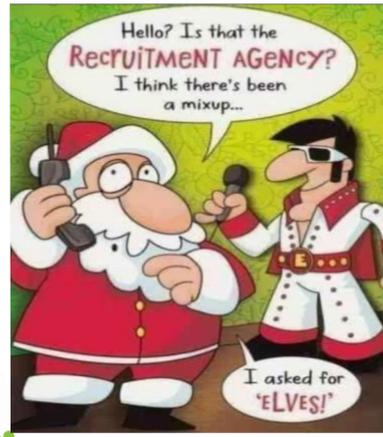

Enjoy your family and pets, do whatever works for you and have fun over the silly season. We'll be back on the dance floor before we know it. xx  
Di & Jim

Best Joke

The Little Drummer Boy is one of my favorite carols, this makes me laugh every time.

"Look buddy, we live next door and all night long we've been putting up with the singing angels, the crying baby, the stinking frankincense and that big bright star. But I tell you, that damn pa-rum-pa-rum-pum-pumming has gotta stop."
