### Molly Carter

Molly Carter was many things—a loving wife, mother, friend, daughter, and community member. She gave generously, and brightened the lives of everyone she knew—as well as those she didn't. A dedicated blood donor, she gave regularly to help even those whose lives she would never intersect.

Molly passed away in October 2022 from an aortic aneurism.

In honor of her 60th birthday, which would have been March 21, 2025, her husband invites others to step up and give blood to help the community just like Molly did.
