WPPO Hybrid is a cross from High Dollar Wood Fired Pizza Ovens and their less expensive competitors. WPPO Gives you the same high temp cooking and wood fire flavor for much less money with out losing performance. Burns Wood Pellets, Chunks, Chips, Charcoal and Lump Coal.

Our Turbo Draft Air Induction System (TDAIS) allows WPPO to burn hotter and recover heat faster between pizzas. So more great pizzas in less time. The TDAIS lights the wood pellets quicker and gets to cooking temperature faster.

WPPO Down Draft Flame System makes for consistently cooked pizza from the middle to the edges as our flame box directs heat into the proper burning patterns to assure a perfect evenly cooked pizza.
