Georgia Early Care and Education

Harvest of the Month Cookbook

Quality Care for Children
Quality Care for Children (QCC) creates a system that equips families and child care providers with the knowledge and resources to nurture and educate Georgia’s infants and young children. We understand that adequate nutrition is critical to children’s developing bodies and brains. Therefore, we work diligently with early care and education (ECE) programs to help offer healthy foods in a positive mealtime environment, impacting children’s current and future health and well-being. ECE programs also provide an access point to connect families to information and resources that support food resilience and healthy habits at home.

QCC promotes the Georgia Farm to Early Care and Education Harvest of the Month initiative highlighting seasonal vegetable and fruits grown in Georgia. We appreciate all the child care providers across the state who submitted a recipe as part of QCC’s 2022 Cooking with Kazookles contest. Kudus to the twelve providers highlighted in this cookbook! Visit qualitycareforchildren.org for more Harvest of the Month resources, including classroom activities, additional recipes, book lists, and family newsletters.
