

BRING SUNSHINE PRESENTS

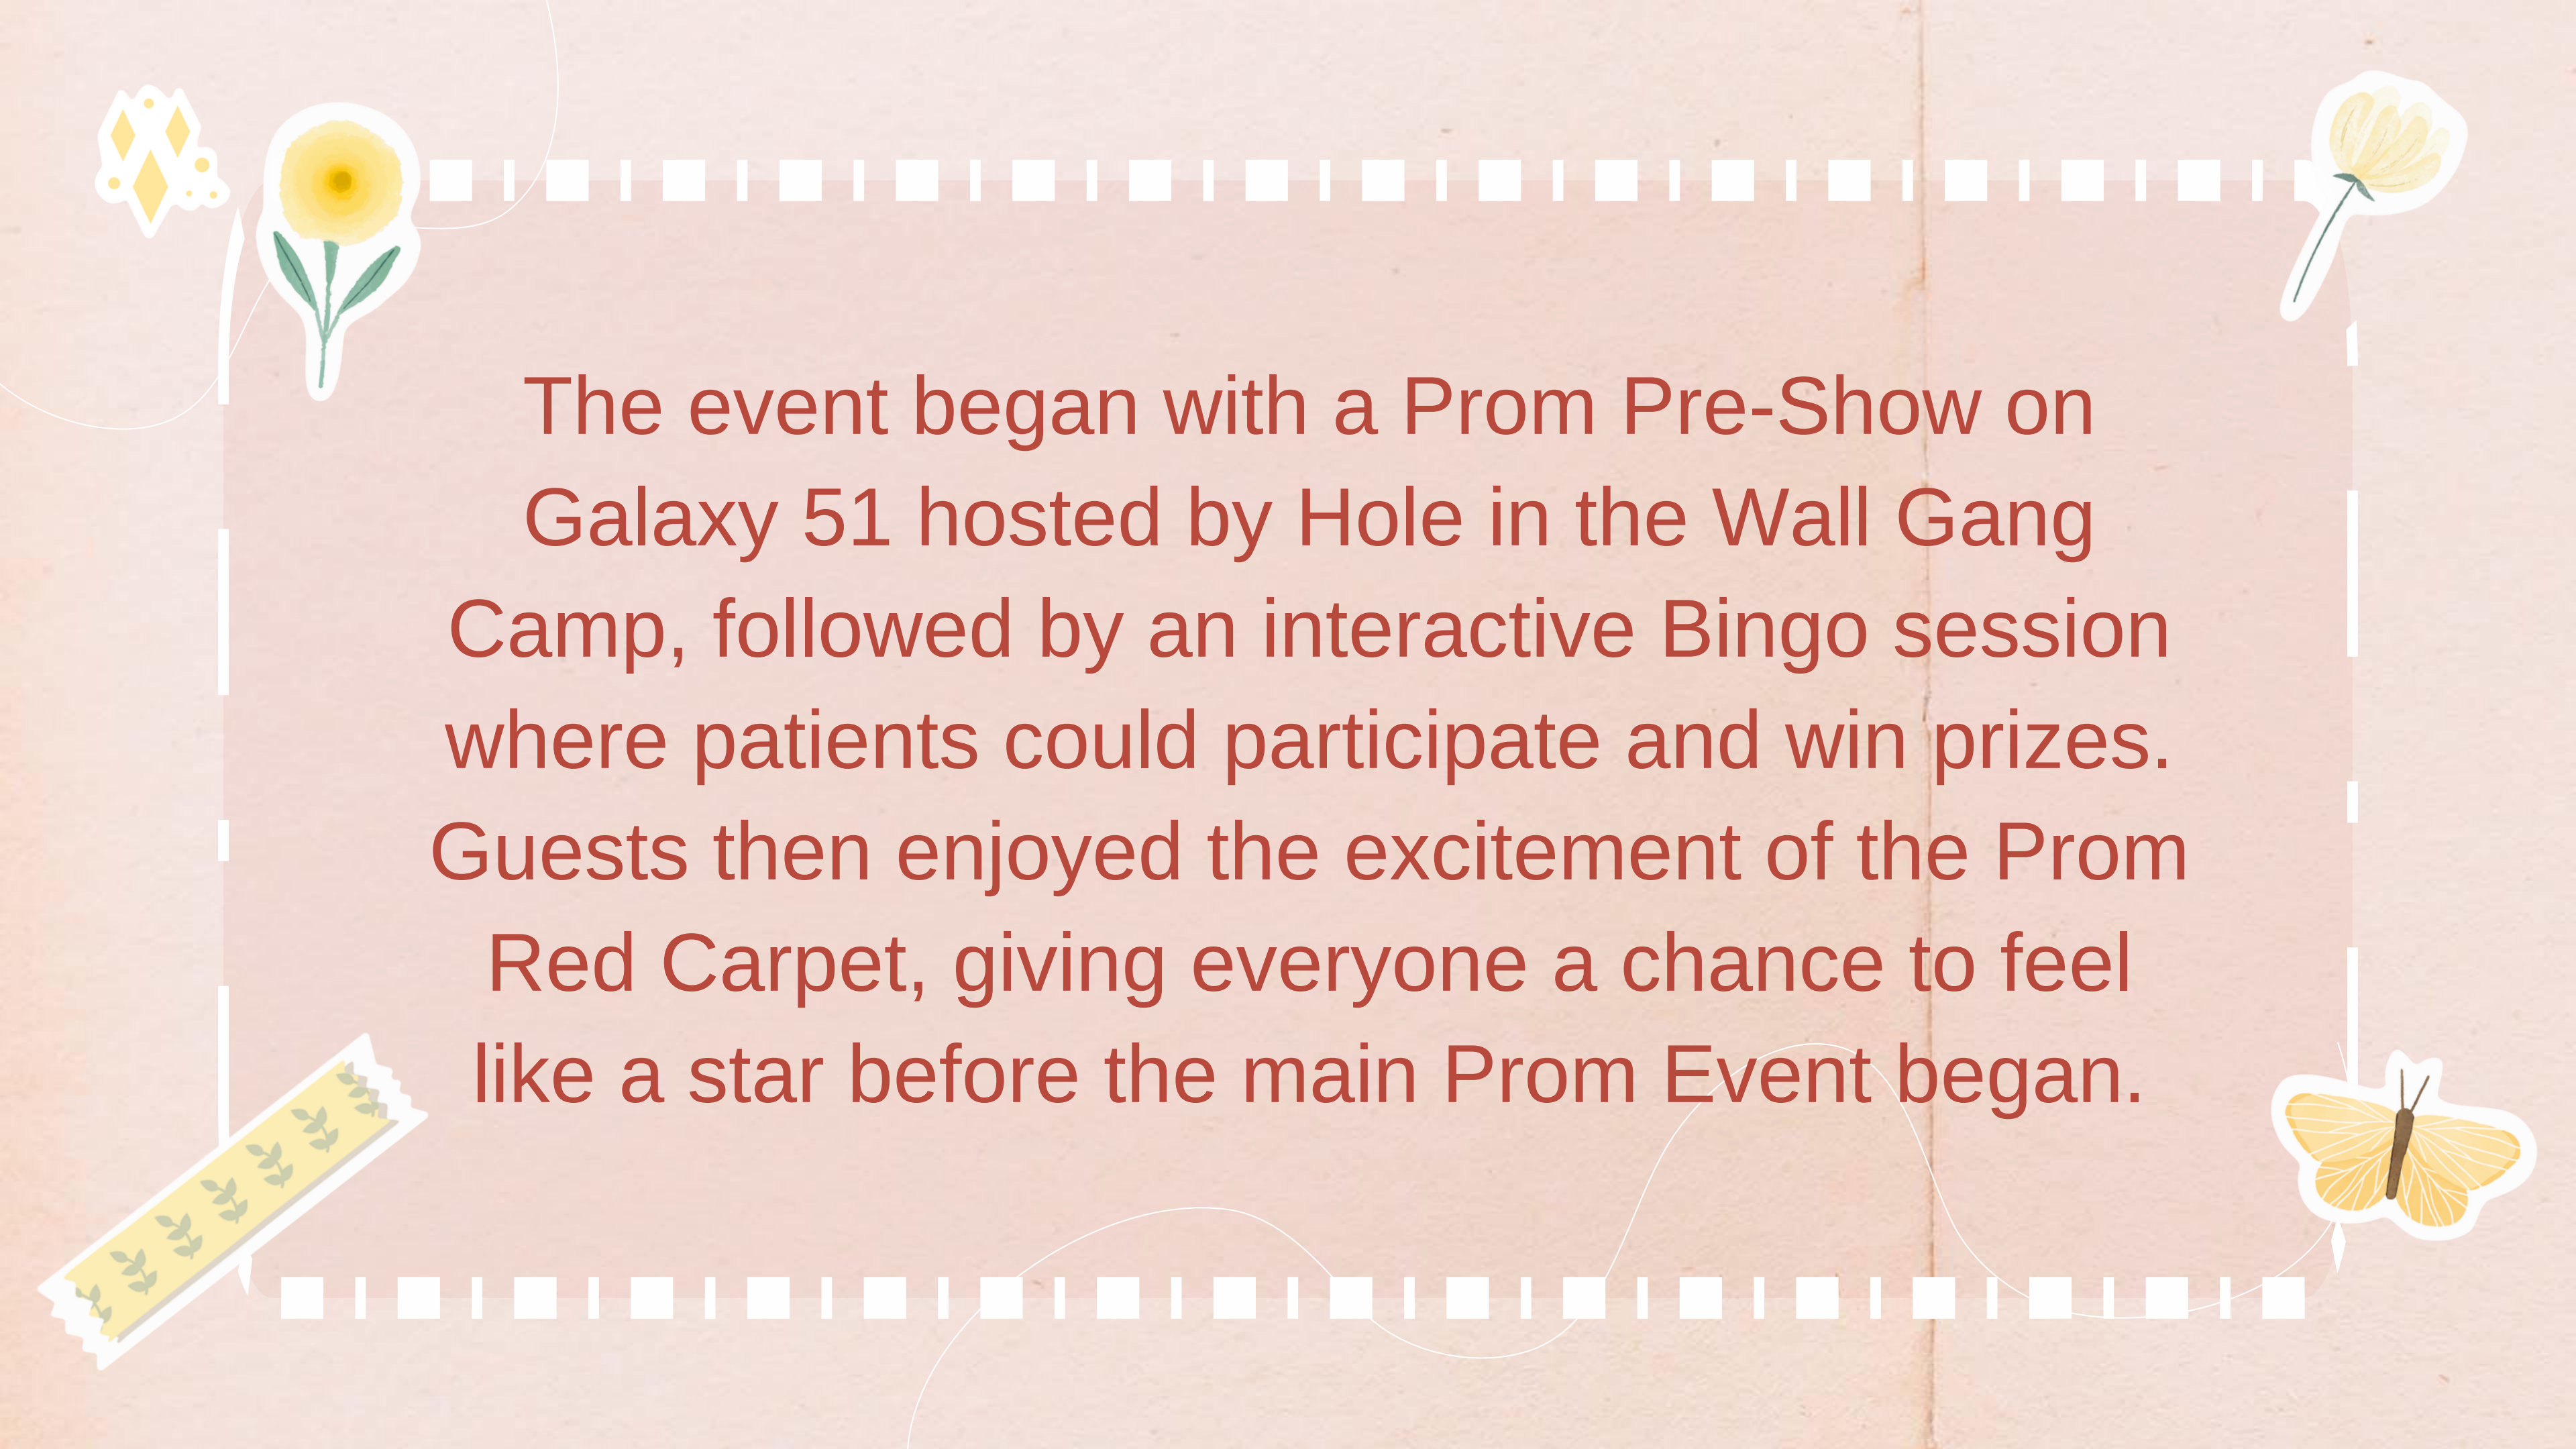

CHOP Prom 2026

Bring Sunshine was honored to support the Children's Hospital of Philadelphia (CHOP) Prom this year, creating a special day filled with fun, celebration, and connection for patients and their families.

The event began with a Prom Pre-Show on Galaxy 51 hosted by Hole in the Wall Gang Camp, followed by an interactive Bingo session where patients could participate and win prizes. Guests then enjoyed the excitement of the Prom Red Carpet, giving everyone a chance to feel like a star before the main Prom Event began.

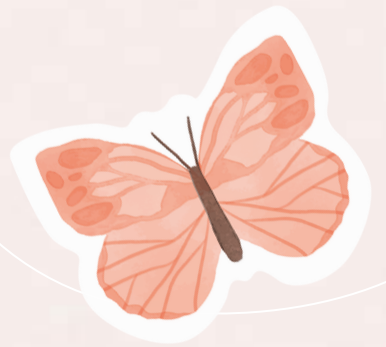

Throughout the afternoon, patients, families, caregivers, and staff came together to celebrate, creating joyful memories and ensuring every participant felt included, recognized, and celebrated.

Our biggest takeaway was seeing how a simple celebration can make a meaningful impact. By creating opportunities for patients to participate in a prom experience, the event helped foster a sense of belonging, brought smiles to families, and reminded everyone of the importance of community, inclusion, and shared moments of joy.
