

Alpine Appliance Installations Ltd.

When Quality Counts

Since 1987

www.alpinecanada.com

Hello,

Thank you for contacting Alpine Appliance Installations Ltd.

Thank you for requesting our services. Our techs are factory trained installers providing quality craftsmanship since 1987. We comply with all WCB regulations. You can find out more on our web site at

www.alpinecanada.com

Alpine utilizes specialized equipment for all our installations to ensure against damage. We have a comprehensive stock of tools and parts in each of our service trucks; These include appliance dollies, specially built moving dollies, air sleds, moving blankets, specialized Teflon sliding pads. Each of our installation vehicles carries a complete inventory for the work we do, i.e., ducting, plumbing, gas, and electrical and much more.

We have full fabrication capability from custom millwork to stainless steel components, hood fans, and liners. See more of our craftsmanship at our **www.sterlingstainless.com** web site about our stainless steel outdoor BBQ kitchens. Great for many other projects from mancaves, medical offices, garages and more. When you are looking for premium quality products, look to Sterling Stainless!

We will also supply and install water filtration systems for all products such as ice machines, and kitchen taps.

Please don't hesitate to call with any questions, after over 45 years in the service and appliance business Bruce and his staff can help you with almost any issue or where to find the answers for you.

We require the following information to assist you.

- 1) We require a copy of the appliance invoice from the appliance supplier, which will provide us with the **make and model numbers**. *Please note that we do not require any product specification sheets (cut sheets).*
- 2) Appliance supplier & salesperson-
- 3) *Installation address -*
- 4) *Cabinet maker name and contact -*
- 5) *Electrician name and contact -*
- 6) *Plumber name and contact -*
- 7) *Approximate date you wish to schedule installation -*
