

Alpine Appliance Installations Ltd.
604-980-8889

Please find below our measurement guide for custom trim kits.

Please supply the measurements for each "A, B, C, D" as marked in red as well as the make and model of your microwave.

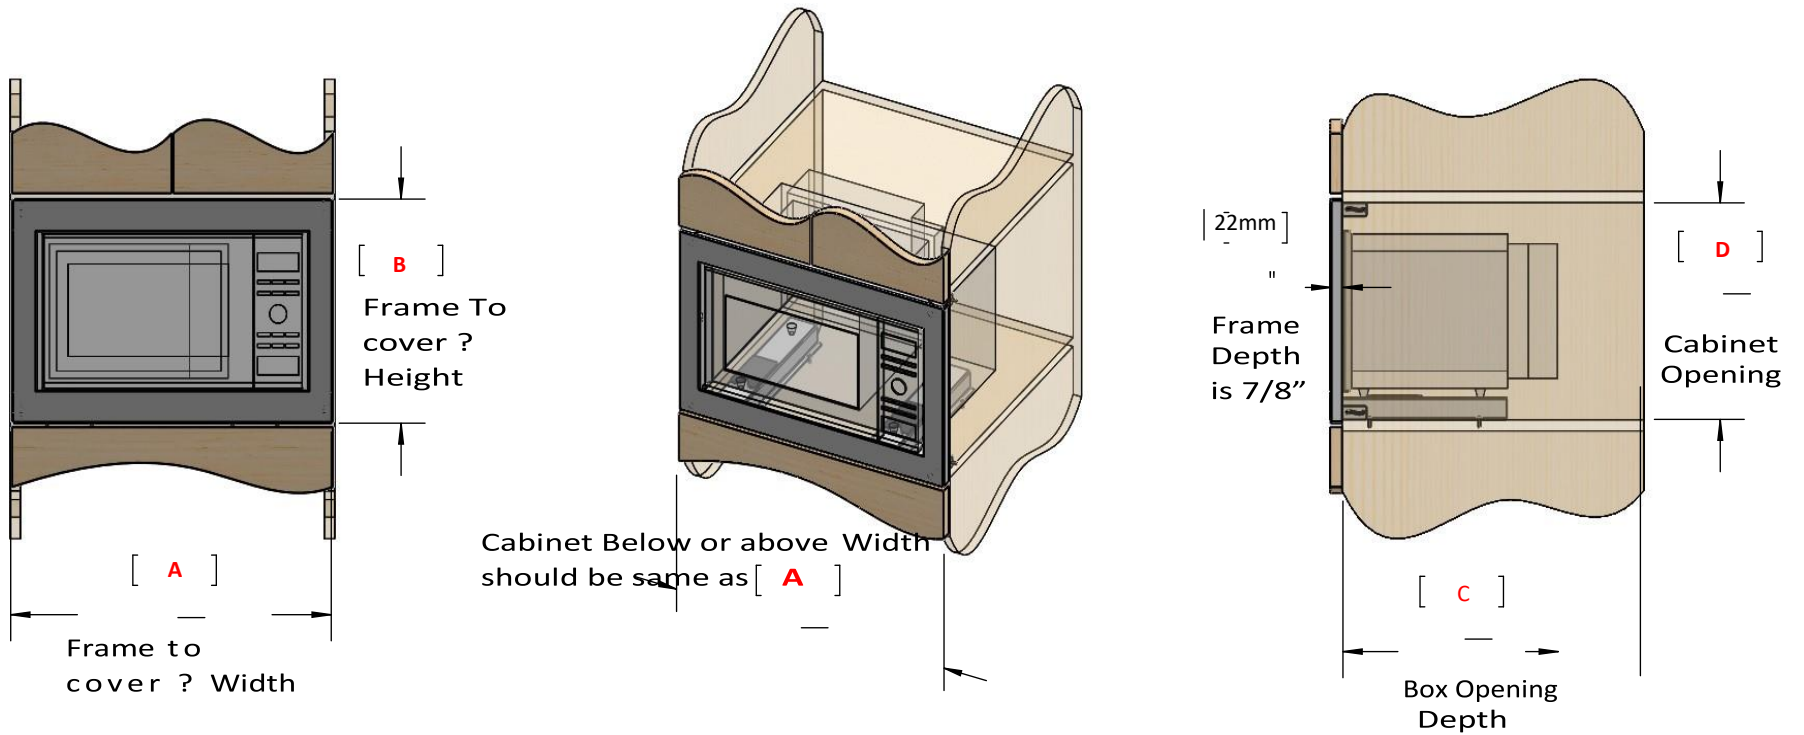

If a standard size trim kit is not available for your installation, we can custom build one to suite.

If you need assistance to measure please let us know we are happy to help.
