Student Spotlight

We are extremely proud to honor our outstanding students, Hazza Al Kaabi and Ghanem Al Ali, for their incredible achievement as World Champions in Jiu-Jitsu, representing the UAE National Team. Their success on the global stage is a powerful example of dedication, discipline, and excellence, and it reflects the high standards and strong values that define Emirati youth. Through months of hard work, intensive training, and personal sacrifice, Hazza and Ghanem demonstrated remarkable perseverance and mental strength, competing with athletes from around the world and proudly raising the UAE flag. Their commitment to their sport and their country serves as an inspiration to all our students, encouraging them to set ambitious goals and work tirelessly to achieve them. This achievement is not only a victory in sports but also a celebration of leadership, resilience, and national pride. We congratulate Hazza Al Kaabi and Ghanem Al Ali for their exceptional accomplishment and thank them for representing our school and the United Arab Emirates with honor, determination, and excellence.

Academic Spotlight

United Arab Emirates National Day

In preparation for UAE National Day, our school community came together to create a rich and meaningful learning experience that celebrated the history, culture, and achievements of the United Arab Emirates. Teachers carefully planned lessons and activities that integrated UAE heritage into the curriculum, allowing students to explore the nation's journey, values, and leadership through research, discussions, and creative projects. Classrooms were decorated with the colors of the UAE flag, and students proudly displayed their work, including presentations, artwork, and written reflections that highlighted the country's traditions and vision for the future. Throughout the week, students engaged in collaborative activities that encouraged teamwork, cultural appreciation, and respect for national identity. These preparations not only enhanced academic learning but also strengthened students' sense of pride and belonging, making UAE National Day a truly memorable and educational celebration for everyone involved.

Message from the Principal – Dr. Hisham Hijazeen

I'm proud of your class efforts in tackling difficult subjects and supporting one another. This month, let's stay focused, meet our goals, and show respect in all settings—class, online, and beyond. Keep pushing; you can do it!

Honors

Honoring Volunteers at Al Ain Municipality

In celebration of the International Volunteer Day, a special recognition ceremony was held at Al Ain Municipality to honor individuals who have demonstrated outstanding commitment to community service and volunteer work. The event highlighted the importance of giving back to society and promoting the values of cooperation, responsibility, and social contribution. The honored participants were recognized for their dedication, positive impact, and continuous efforts to support community initiatives. This meaningful celebration reflected the spirit of generosity and unity that defines the UAE and encouraged everyone to continue making a difference through volunteering.

This Week in Pictures

On December 6, our students visited the Louvre Abu Dhabi, exploring amazing artworks and historical exhibits. The trip enhanced their understanding of history, culture, and art, and encouraged curiosity and appreciation for global heritage.

As the first semester ends, we celebrate our students' hard work and achievements. It has been a semester full of learning, growth, and memorable moments. Wishing everyone a restful break and an exciting start to the new term!

Club & Activity Corner

Hands-On Learning in Science

As part of our Science curriculum, students actively participated in hands-on scientific experiments that allowed them to explore key concepts through observation and discovery. These activities encouraged critical thinking, curiosity, and problem-solving as students tested hypotheses, recorded results, and discussed their findings. The experiments made learning more engaging and helped students better understand scientific principles in a fun and interactive way.
