

Boss of the Toss Tournament Rules

1. Rule #1...Whether you're a pro or a beginner – HAVE FUN!!
2. Boards will be placed 27 feet apart.
3. Teams consist of 2 players.
4. Players stay behind the front edge of the board when throwing. If a player goes past the front edge of the board, the bag that was thrown will not count.
5. Bags must be thrown Underhanded. Bags thrown Overhand will not count. Players alternate throwing bags, 1 by one player, then 1 by the next player until all 4 bags are thrown by each player at the headboard. Players at the footboard will take score and resume pitching back to the other board.
6. Each game goes to 21 points. You can go over 21 points and not be penalized. If your team doesn't score a point and your opponent scores 11 points or more – that is a Skunk! And the game is over.
7. Scoring will be 1 point for on the board and 3 points in the hole. This tournament will follow cancellation scoring. Example: If Team A has 4 points on the board and Team B has 3 points on the board. Team A will be awarded 1 point.
8. When a team scores points, they start the next throwing sequence.
9. If a bag is thrown and hits the ground first allowing it to bounce on the board, this bag will not count. Bag will be removed from the Board.

When there is a protest/question, it will be the Tournament Coordinator's decision to make and the ruling will be final.
