## Community News

Your Community isn't just your street, it is also the area where you live. Our Community is Kent Island. There is a lot going on and a lot to do. The Island is changing fast. From the development of the Southern Kent Island Sewer Project to the final approval for the Four Seasons project and the newly proposed development of the Lowery Farm. These projects will increase the traffic on our Island and also has the potential of an increase to future taxes.

Our Community doesn't just have these negatives, it also has a tremendous amount of positives. There are miles and miles of trails to explore. You can start at Terrapin Park and bike, run or walk to the Kent Narrows for lunch or dinner. Or you can park at Matapeake Beach for some sun and then head south to Romancoke to fish off the pier. There is also the Chesapeake Bay Environmental Center in Grasonville. The center is loaded with family activities like hiking, kayaking and bird watching.

Another great resource is "Kent Island Online" (Kentisland.cc). This website is loaded with everything from Local News, Churches, Government, Night Life and Family fun.

Remember, your community has a lot to offer and is always changing. Stay involved and go exploring!
