

Let Go and Let God

Partnership Opportunity With charity: water

OVERVIEW

charity: water and Let Go and Let God Ministries share a deeply aligned mission: to uplift, inspire, and strengthen lives through the power of faith in Jesus Christ. Together, we have the opportunity to expand this impact nationwide — not simply through media, but through a unified ministry effort that connects hearts, deepens faith, and brings Christ-centered encouragement to individuals and families across the country.

Through ongoing, mission-centered conversations on "*Let Go and Let God*," **charity: water** leadership is invited into meaningful dialogue that goes beyond information — creating space for authentic storytelling, testimony, and reflection. These conversations are designed to inspire, encourage, and build trust, helping listeners connect not only with **charity: water's** work, but with the deeper spiritual impact behind it. This connection is further strengthened through live events, where these shared stories move from broadcast to personal encounter — creating powerful moments of faith, testimony, and human connection.

To support and extend this shared mission, Let Go and Let God Ministries, Inc. provides a growing national platform dedicated to encouraging faith, strengthening families, and inspiring lives through Christ-centered conversation and storytelling. At the heart of this ministry is the nationally distributed program "*Let Go and Let God with Art Suriano*," currently airing on 19 terrestrial radio stations, with planned expansion to up to 196 stations through the American Family Radio Network — significantly increasing the reach and impact of this message across the country.

In addition to national radio distribution, the ministry extends its reach through a growing podcast presence, connecting with listeners across all major platforms. Together, these channels form a unified ministry platform — allowing partners to share their mission consistently and meaningfully with individuals and families seeking faith, encouragement, and deeper connection in their daily lives.

MISSION PARTNERSHIP

ROLE IN THE MISSION

- **charity: water** leadership will be invited into four featured guest conversations each year on "*Let Go and Let God*," creating space to share the heart of the ministry through authentic storytelling, testimony, and reflection. These conversations are designed to highlight **charity: water's** mission, the lives being impacted, and the deeper purpose behind its work — fostering trust, connection, and meaningful engagement with listeners.

LIVE EVENTS

Live events extend the mission beyond the broadcast, creating in-person experiences centered on faith, testimony, and meaningful human connection.

- **charity: water** will serve as a presenting ministry partner at Let Go and Let God Live Events — providing opportunities for leadership to share the heart of the mission, connect personally with attendees, and engage in meaningful moments of testimony, encouragement, and reflection.
 - Visible recognition as a presenting ministry partner at each live event.
 - Opportunity to share a brief (5–10 minute) message with attendees, centered on mission, testimony, and impact.
 - Events hosted in welcoming, faith-centered environments, including churches, Christian colleges, and intimate theater settings.

- **Live Event Participation**

To preserve the spiritual focus and flow of each Let Go and Let God Live Event, up to two full ministry partners may be featured with brief live remarks at any single event. The first full partner to join receives priority placement, with additional partners rotating into these opportunities across future events. All remarks are thoughtfully time-limited and designed to share mission, testimony, and impact in a way that supports the overall experience.

- **Meet and Greet**

At the conclusion of each live event, ministry partners are invited into a brief, personal meet-and-greet with attendees. This time allows for meaningful one-on-one connection — creating space for conversation, prayer, and deeper engagement. These moments often become some of the most impactful, as individuals connect personally with the mission and explore ways to further support and participate in the work being shared.

- These live events serve as a powerful extension of the broadcast — bringing the message of faith into real-life moments that inspire, encourage, and create lasting impact.
