Preparation of Submitted Art

All two-dimensional art must be wired for hanging and may not exceed 72 united inches excluding the frame. United inches are calculated by adding the width and the length of two adjacent sides of the work.

Providing appropriate and safe display of 3-D art is the responsibility of the artist and is subject to approval by the gallery.

Picture Hanging Wire Placement

All framed or gallery wrapped artwork submitted for display in the gallery must have hanging wires attached. Attach eyelets to the sides approximately 1/3 down from the top of the frame. Attach wire securely to the eyelets, to a length so that when you pull up at the mid-point of the wire, the highest point is 2.5 inches below the top of the frame.
