

Travel the World through Art!

Truck Art - Pakistan

Embark on an around-the-world cultural adventure – explore far-off places and learn about the people who live there, from the Americas to Polynesia, from the cosmopolitan to the countryside. Experiment with Crayola® products, while trying art techniques developed by local artists and artisans. Make different masterpieces each week such as drums, masks, canvases, gift bags, buses, and more! Bring the unique creations home and build a globally-inspired art gallery. Class will take place on Fridays from 4 to 5 pm in St. Paul's Center at 108 Rockaway Avenue beginning Friday, March 16.

Aboriginal Dot Art - Australia

We are going to the Land Down Under! Enter Australia's Western Desert and see how family stories are carried from one generation to the next. Every family has its story, and we will pass on our personal tales by painting with the dot art technique used by Australia's aboriginal peoples.

Animal Sculptures - Mexico

It's time to turn a fantastical dream into a fantastic work of art! Let's go to Oaxaca, Mexico and learn the story of the alebrije dream and how it unleashed a whole new art form. We'll take our creativity to the wild side by blending fauna and flora into amazing animal sculptures.

Truck Art - Pakistan

We're driving into a kaleidoscope of colors when we visit Pakistan! The roads are full of decorated vehicles, each one made to its driver's liking. We will observe the basics of Pakistani truck art, and apply what we learn to create our own eye-catching model buses.

Tiki Masks - Polynesia

Let's set sail for the South Pacific! The people of the Polynesian islands believed that they needed to stay connected with nature in order to live comfortably. They created "tikis", or carvings, to connect with personifications of the forces of nature. We will think about our connections with nature and design tiki masks for our homes.

Imperial Jeweled Eggs - Russia

We're sneaking a peek at a collection of treasures made for the royalty! Over 100 years ago, the Russian czar had the jeweler, Fabergé, create ornate egg-shaped gifts with precious metals and gems. We will learn how to design and sculpt an eggs-travagant gift of our own!

Block print wallpaper - Europe

World travel is great for mixing up new ideas. Block printing concepts from the east were brought to the west, and the art of wallpaper began in Europe. Let's admire European wallpaper styles and then design and print our own block patterns on gift bags.
