MAD SCIENCE CAMP

Mad Science of Long Island is a company who provides a wonderful learning experience in a camp setting. Residents of the Village of Garden City entering grades 1 - 5 are encouraged to attend. The topics and details for each camp are listed below. For any Science Camp, all checks should be made payable directly to "Mad Science of Long Island".

For all weeks (These camps run Monday through Friday):

Where: St. Paul's Center from 9 am to noon

Fee: \$320, except for Robotics Lab which will be \$350 to include a Lab fee, checks only made payable to Mad Science of LI

August 3 - 7 Topic: Flight Academy \$320

Entering Grades 1 - 5

Birds, kites, planes and rockets! If it flies Mad Science Camp covers it! Investigate the science of aerodynamics. All week long, campers will build various flying machines, explore space and apply Newton's Laws of motion as we take daily flights of discovery!

August 10 - 14 Topic: Robotics Lab \$350

Entering Grades 2 - 5

Explore the fields of robotics in this hands on camp! Learn the amazing things robots can do with the help of simple machines. Campers will take home daily science projects and will complete a small robot by the end of the week.

August 17 - 21 Topic: Brixology \$320

Entering Grades 1 - 5

Step into the shoes of an engineer! Using LEGO® bricks, campers take part in fun, physically active games based on daily themes, and build different engineering-themed projects each day. They will explore engineering fields, and participate in collaborative challenges to solve real-world problems, while using critical thinking, cooperation and creative problem-solving skills to test and improve creations. Take-home projects will be given daily to reinforce each concept.
