Global Think-Tank

INTRODUCTION

At Identity Branding Forum, we recognized a need for a mechanism that brings stakeholders around socioeconomic solutions to produce opportunities that leads to sustainable economic, social, and human advancement. The IPEN™ Clubs (IPEN™) was the answer.

IPEN™ (International Professional Elite Network) is a complete socioeconomic system that deliver solutions leading to Sustainable Human Development through the engagement of businesses and communities.

IPEN™ is a powerful networking knowledge based system that leads its members to a widespread of opportunities.

IPEN™ is for everybody. It is the platform that helps every member of society become a part of “The Professional” and “The Elite”.

IPEN™ is the place where dreams come true.

There has not been a better time for you to join IPEN™ Clubs – now is the time.

HOW DOES IPEN™ WORK?

IPEN™ Clubs bridge between its members and society to deliver unprecedented value through its innovative Think-Tank approach:

1. With its community members, IPEN™ establishes social priorities to foster the ideal environment for families to grow and raise children to become productive leaders of the future.
2. With the establishment of social priorities, and through its network of professional and business members, IPEN™ identifies solutions that leads to sustainable human, social, and economic development.
3. IPEN™ approach, provides expressive research data spirited out of its members (people, communities and businesses) aspirations, creating a strategic social and economic alignment able to sustain human, social and economic advancements.
4. With the alignment of social priorities and economic opportunities, IPEN™ creates startling solutions to sustain the socioeconomic landscape, even during economic downturns.

IPEN™ process helps its members integrate ideas and develop opportunities, uniquely tailored around the needs of people, businesses, and communities, leading them to a better future. It ensures economic development that resonates throughout the community and the world, creating compassionate moving messages.

IPEN™ is the ideal Global Think-Tank with a local focus.

IPEN™ CLUBS GENERAL BENEFITS

- IPEN™ foster ideas and provide research and development tools to bring those ideas to life in a locally valid form, relying on its members professional, business and community resources to achieve economic and social progress.
- IPEN™ provide members and communities a richly rewarding experience with an insight into the ever-changing social economic landscape.

IPEN™ CLUBS MENTORSHIPS

IPEN™ Clubs members (business executives and community leaders) will enjoy the opportunity to become a mentor and share their knowledge and insight with high-performing college undergraduates who will learn from the wisdom and experience of successful business professionals as they prepare for their careers.

This makes it very attractive to college students to become members of IPEN™. It makes it possible for businesses to tap into the future labor force, saving them hundreds, if not thousands, from having to train their future team.
