

Arts Aligned Protocol: Pose, Explain and Stretch

Choose an image from the source set- Be sure your choice is joyous. We do not want to cause harm to our children;) Then ask students to:

Pose: (1 minute)

Students will look at the image and pose like someone in the artwork. Students are to stay frozen for 30 seconds and think about why they choose that person. Ask them to think about what the person is doing, what kind of game they are playing and what it tells us about the person playing the game

Explain: (10-15 minutes)

Students will then have an opportunity to share with the whole class or with a partner why they chose the person pictured and what they believe the person is doing and how they might feel.

Stretch: (5 minutes)

Stretch your conversation by asking your partner one question about the image.
