## **Tele Medicine Service**

In an effort to keep the health of our patients and staff safe due to the growing concern of the Covid-19 (Coronavirus) our office has implemented the use of Tele-Medicine. This service is used in order for patients to speak directly to one of our medical staff without being seen in the office. In the event that you have any symptoms such as

- Fever
- Cough
- Fatigue
- Shortness of breath

Please do not come into the office. Call us at 609-890-1050 and we will give you steps to register for the service. Please note you can use this service on your smart phone, tablet or computer. This is a service that you may use if you wish to avoid contact with other patients and would like to do a virtual visit

Thank you
