

## **There's a continuous money source hidden in your house!**

Every home has this incredible, never-ending source ... even yours! And it's ALWAYS located in the exact, same place!

There are simple secrets to unlocking these abundance-producing powers ... ancient secrets tried and proven by the Chinese for thousands of years. Anybody can use these simple secrets. They're so easy to do, you'll be amazed!

You don't have to buy anything. You don't have to build anything. You don't have to do anything weird. You don't have to SELL anything!

Norm B. asked why he was having so much trouble with his engineering business. Even though he was ready to retire, he hadn't saved enough. He was willing to work for his abundance.

Then he learned the secret of putting the money source in his home into action. Three weeks later he received a letter in the mail. It was an unexpected government award of \$3,200 a month for life for his exposure to Agent Orange in the Gulf War!

Before learning this secret, Norm had been inadvertently blocking these abundance-producing powers. Many people do, not realizing it. They wonder why they can't get ahead. They work hard. They do what they think they need to do, but somehow it never seems to work out.

Some people even scoff when they discover the secret. They don't believe it.

To tell the truth, I didn't either when I first heard about it. But I stayed open-minded. I tried it. I was blown away with the results!

Now, after using this secret for years, I'm ready to share it with you.

But creating financial abundance isn't the only thing this secret is capable of producing for you!

Want to improve your personal relationships? Simple.

Want to improve your interactions with family? You can do that too.

Want to take another step in your professional life? No problem!

Need to take positive steps in self-improvement and knowledge? The secret covers that too!

In fact, this secret has so many applications; I've dedicated my life to teaching people what this simple secret is and how to use it in every aspect of their lives!

Over the past dozen years, I've charged individuals hundreds of dollars for consultations showing them how to use this almost magical secret locked in their own homes and workplaces.

In fact, I still do.

But now, you can learn this amazing, abundance-unlocking key for a fraction of the price.

My book, *“The Home Whisperer – Feng Shui Simplified,”* combines the ancient Chinese wisdom of harmonious interactions with our traditional Western mental paradigms to present a comprehensive insight into the art of placement.

If you have the wrong color in this part of your home, you can be blocking abundance. If you have this shape in the right place in your home, it boosts your fame! Water symbols in this part of your house can affect your career.

Find out how in this incredible book.

A single consultation normally costs several times the price of this entire work. But it’s not going to cost you \$129 like so many people have told me to charge. It won’t even cost you \$59.95. People have told me I’m nuts for not getting at least this much.

Here’s the thing. These secrets have been very kind to me. Now I want to make sure that EVERYBODY can enjoy the same great fortune I’ve been able to enjoy.

So I’m offering it for just \$22.99. I know. I’m crazy. But I don’t care! I want YOU to have it!

And I especially want it to help you in these uncertain times. Make 2017 your best year ever! Give yourself a Christmas present you'll never forget! Give your family members a gift that will keep giving for years and years to come!
