

Zooming Back: Unmasking Our History

In-Person Program 2021 Program Details & Registration

A program of Chinook Country Historical Society

Our Sponsors

Funded by the
Government
of Canada

All of our in-person programs require registration in order to ensure appropriate numbers at each event. The maximum number at any in-person event will be 35, with some events requiring lower number of attendance due to individual circumstances. Meeting locations will be emailed to all registrants. Mask wearing, although not required, is encouraged. For walking tours, please dress for the weather, wear good walking shoes and bring water. Some walking tours may not be suitable for everyone.

Your financial support for our history festival would be very much appreciated. We will not be taking donations during our events this year. We have set up e-transfer capability for donations. Please use the email: treasurer@chinookhistory.ca to make your contribution. Note in the e-transfer that your donation is for HCW. The e-transfer is deposited directly into our bank account, so no “skill testing” question need be used. All donations \$20 and over will receive a tax receipt.

1:30 – 2:30 pm — Canadian Pacific Supply Farm No. 1, Strathmore

Canadian Pacific Supply Farm No. 1
Courtesy Western District Historical Society

Established in 1908, the CPR Demonstration Farm's purpose was two-fold: to attract settlers to sell them irrigable land and to educate them about the best breeds of cattle, hogs, poultry, horses and sheep. The farm helped develop better strains of grains. Up to 350,000 trees were grown and orchards were established to encourage fruit production. Join **Bruce Klaiber** and **Tom Sadler**, Western District Historical Society, in the only surviving building located on the original farm site. A draw for door prizes will be held. After the presentation, partake in the four historical walking tours of Strathmore found on the App "On this Spot."

1:00 – 4:00 pm — First Chance to See the Grain Academy at Irricana

The Grain Academy, which was located at Stampede Park since 1981, has a new home at Pioneer Acres Museum in Irricana. The story of grain spans the history of Canada itself. The Grain Academy records it all, from the modern terminal to farmers arriving at the old elevators with bags of grain in their buggy or wagon. Drop in to revisit your favourite exhibits including the large collection of antique trucks! At 2:00 pm **Shelly McElroy** will tell how the best loved elements of the original Grain Academy inspired the team at Pioneer Acres to create a beautiful new home for it. And yes, the model railway will be running!

12:00 - 1:00 pm — The Historical Blackfoot Trail and the Chestermere District

The route between Blackfoot Crossing and Calgary was a transportation corridor established by First Nations peoples and subsequently used by the NWMP and early settlers. Officially surveyed in 1888, it was the primary road to town for those living east of Calgary well into the early 1900s. Join **Eileen McElroy** in Chestermere to discover some of its stories and the trail remnant that remains within Chestermere.

1:00 - 1:30 pm — View the Steam Powered Bicycle in operation in the parking lot

1:30 - 2:30 pm — A Steam Powered Bicycle

In the late 19th Century steam powered the industrial revolution and was finding its way into light transportation. Steam carriages and bicycles were being invented with varying success but the internal combustion engine eventually won the day. This steam powered antique bicycle, built by retired Chestermere engineer, **Todd McBride**, celebrates the age of steam power and the pursuit of steam powered personal transportation. This presentation will appeal to those fabricating historical artifacts and with an interest in steam power. The bicycle will be demonstrated running followed by a slide presentation on early steam bicycles and the design and shop details in the building of this one.

2:00 - 3:00 pm — Do You Live On An Airport?

Since Calgary's first aviation event at the Stampede in 1906, there have been over a dozen airports and semi-permanent flying fields. Where were they, what happened there and who were some wild characters associated with them? **Richard de Boer**, Calgary Mosquito Aircraft Society, can tell you. In 1919 the first flight across the Rockies ended in Calgary. Where did a world-famous author learn to fly? Have you shopped at Market Mall, strolled through Bowness or attended Mount Royal University? You've set foot on an historic flying field. Are YOU living on what was once an airport?

Encounters with Counterculture: CPS meets the Hippie Movement

The 1960s brought Calgary a host of social changes spearheaded by a new generation of long-haired, peace-loving anti-authority youths. Parents, older adults and police were often baffled by the actions and attitudes of the hippie generation. **YouthLink** will focus on how the Calgary Police reacted to the hippie movement - the undercover operations, the drug investigations, and keeping the peace at Calgary's very own version of Woodstock. Come get an inside look at a clash of two cultures!

1:00 - 3:30 pm — Ramble Through the Ages in Edworthy Park

Frankie-Lou Nelligan leads this fun, informative tour that reveals some of the fascinating geological, archaeological and historic features of one of Calgary’s recreational gems. This is a moderate hike including a bit of bush walking and a steep downhill section so hiking poles are recommended. We will explore the region’s significant past regarding Glacial Lakes, stone circles and sandstone use. A highlight will be visiting Brickburn, the location of the Calgary Pressed Brick and Sand Company that produced 80,000 bricks each day during its heyday and contributed sandstone and brick to many Calgary buildings.

VOLUNTEERS

A huge thank you to all our volunteers, our committee members, our presenters and organizers without whom Historic Calgary Week would not exist. We also thank our partners, whose own volunteers and staff bring a rich diversity to our festival and help us give life to the stories of our history and make available their facilities for these in-person tours. Hundreds of hours are required to research the topics, prepare presentations and to organize and run this program. All events are presented free of charge to the public.
