Dear Mr. Daouk,

This year's commencement and faculty award ceremonies were extraordinary events that celebrated the achievements of our graduating class of 2022-23. Our graduating cohort shared this everlasting experience with members of their personal and AUB families. These events marked the conclusion of yet another challenging year. During his annual commencement address, President Khuri highlighted the pivotal contributions of key stakeholders from the AUB community and beyond, underscoring their active role in enabling the university to provide an exceptional education that caters to our diverse student body.

The **Faculty of Arts and Sciences** award ceremony held on **Wednesday, June 7, 2023** was a truly remarkable celebration of student excellence, made possible by your unwavering support and invaluable generosity. Among the many outstanding students honored, **Rudy Nabih Zalzal** out as a shining example of achievement and promise, hence his selection to receive the esteemed **The Brummana High School Cultural Society Excellence Award**. It is through your benevolent contributions that such remarkable opportunities are made possible, creating moments that have an indelible mark on our students' lives and the proud families who share their joy.

University excellence awards serve as a testament to students' hard work, dedication, and achievements. Awards are also important to our university as we seek to enrich the educational and research experience of our students. This commitment is embedded in the mission and core values of AUB: the pursuit of excellence and the advancement of knowledge through research so that we can better serve our community and society.

Thank you for your continued support.

Sincerely,

Imad B. Baalbaki, PhD  
Senior Vice President for Advancement and Business Development
