CHEMICAL ENGINEERING GRADUATE

Highly focused, motivated **Graduate with a master's degree in Chemical Process Engineering** from Derby university. Possesses a strong work ethic and a mix of both technical and practical skills as demonstrated through various roles including work experience as lab assistant and industrial trainee. Displays initiative, a positive 'can-do' attitude and enjoys a high level of autonomy.

KEY SKILLS:

- **Well defined analytical and experimental skills** with a proven ability to lead independent research and interpret evidence.
- **Mathematical modelling knowledge** with a proficiency of Matlab and Gams.
- **Natural leader** with experience of managing, motivating and enthusing teams of up to 10 people. Interacts well within a group and encourages input from others to reach a decision.

EDUCATION AND TRAINING

MSc in Chemical Process Engineering: Derby University 2019–2020

BEng in Chemical Engineering: Lanzhou University, **Final Grade 80%** 2014–2019

Graduation Design Project: Numerical analysis of ... **Score 82%**

Curriculum Design of ... **Score 80%**

Industrial Training at Supreme Ltd: 'Industrial Synthesis Process of ...' **Score 81%**

Extra-Curricular: Champion of the Rugby League at Lanzhou University.

XYZ Senior School, Lanzhou – Science – Final Score: 92%

Awards: Won first prize in High School Physics contest.

WORK EXPERIENCE

SWISS INN, London & Watford: Branch Manager **May 2020–Date**

Joined as a Sales Assistant. Promoted to Branch Manager, Harrow, two months later and Branch Manager, Watford, within six months. Manage and motivate a sales team of 10 across two branches and responsible for training all new starters.

- Exceeded all weekly sales targets; £3.5K+ in Harrow against a target of £1.5K and £6K+ in Watford against a target of £4.2K.

YANG CENTRE, London and Buckinghamshire: Sales Assistant/Manager **Jan 2020–Mar 2020**

Recruited to provide a quality service to customers seeking the assistance of traditional Chinese herbal medicine.

- Quickly mastered a basic knowledge of traditional Chinese medicine.
