Part of the project activities is implemented in close cooperation with Greenlandic Self-Government and the Home Rule Government in the Faroe Islands. DANCEA is financed by the Danish Government's annual budget.

   The DANCEA call 2017/2018 has invited for projects within the following areas: 1) monitoring and mapping of long-range transport pollution in Arctic ecosystems and human health 2) Biodiversity and sustainable exploitation of living resources and 3) development of the knowledge base, methods as well as capacity building on national and international environmental regulation.
