

Who are we?

Money Movez: Cook or Be Cooked is a dynamic, game-based financial literacy program designed to teach students ages 11 and up, essential money management, entrepreneurship, and real-world decision-making. Through engaging board games, digital APP experiences, and interactive project-based lessons, we make financial education dynamic, real world, and effective.

How Schools, Teachers & Foundations Benefit

- **Engaging Curriculum:** Aligned with state financial literacy standards, combining board games, a digital app, and shark-tank style entrepreneurship challenges.
- **Flexible Implementation:** Available as a full classroom set, after-school program, summer program and/or district-wide adoption. Scalable programs with customized support.
- **Teacher Support:** Lesson plans, training, and ongoing resources to ensure success.
- **Partnership Opportunities:** Ideal for school districts, nonprofits, and workforce readiness programs looking to enhance financial education.

How Parents & Children Benefit

- **Interactive Learning at Home:** Parents can bring Money Movez into their homes through board games, digital apps, and hands-on challenges.
- **Accessible & Fun:** Students develop financial literacy, entrepreneurial thinking, and critical decision-making skills in an exciting, engaging way.
- **Lifelong Money Skills:** Builds confidence in money management, preparing children for financial independence by learning how to budget, invest, and grow wealth.

Join the Movement

Empower students with the knowledge and tools to succeed financially. Whether you're an educator, a nonprofit leader, or a parent, Money Movez offers the perfect solution to make financial literacy fun, accessible, and impactful.
