Hey Dave,

I have spoken to Judd and he said there was nobody else up there when he and his boys were up in Cardiff last week.

# Two they said they would never put any-ones life in danger by high-marking on there property or high-marking to get to it.

But I believe there's a few disgruntled , selfish , unhappy skiers who are trying to sabotages the overall good thing we have with the F.S. and the public.

They take selfishness to a whole new level. They will tolerate us landowners if there's a emergency and they need a ride out. They treat our helicopter friends the same way. And yes I have hauled 2 skiers out of Cardiff over the past 25 years with broken limbs.

Thanks for your good work.

cathy,

thanks for taking time to meet with us the other day.

we met with people from the avalanche club yesterday. while meeting, a gentleman made the comment that there were some problems in cardiff with snowmobiles and skiers the other day. high-marking i believe.

he said a complaint is being filed with you.

i spoke with cyle about it last night. he was not involved, but will follow up with landowners. as you receive the complaint, please feel free to forward to the ccoa board so they can address it with the landowners.

thank you for your attention to this matter.

dave
