Dancing is a performing art and the performance is the highlight of a dancer's experience. something for them to look forward to and to strive for. SSDA wants to put on a top quality show. Getting the dancers used to the stage in such a short amount of time is hard and that is why we have so many rehearsals. It ensures that each dancer feels comfortable in the space. The anticipation and excitement will build each week as the performance date nears. Parents, please help us with finishing the year out strong. If you have any questions, please e-mail Miss Emily at [southstardance@yahoo.com](mailto:southstardance@yahoo.com)

Thank you,
