

Manzanares Request for Architectural Approval - Appendix A

If you are constructing a fence, or installing a building/garage, or installing a pool, you must submit a survey/drawing of your lot showing the location of the project.

Owners must check with the city/county to ensure that all permits are obtained prior to the start of the project. Permits may be required for outbuildings depending on the dimensions of the structure. It is the owners responsibility to follow city/county guide

Use the box below to convey the pertinent information. Please include lot lines, location of home, location of project, etc.

Rear of Lot

Front of Lot

Signature of Home Owner _____ Date _____
Address _____
