OK

Skill Levels

3+ What skill levels do I want to achieve?

Review the required education, qualification and/or training of the 5 different skill levels below.

Imagine a time in the future (e.g. age 30 or in 5 years time).
Select the highest skill level you realistically envisage reaching by that time. This ensures that the occupations that are included in the filter match your target skill levels.
Optional: Include alternative skill level(s) if they interest you.

Select one or more options

☒ A Skill Level 1 - Bachelor Degree or higher (AU and NZ) and/or, potentially, at least 5 years relevant experience

☒ B Skill Level 2 - Associate Degree, Advanced Degree or Diploma (AU) or Diploma (NZ) and/or, potentially, at least 3 years relevant experience

☐ C Skill Level 3 - Certificate IV or III+2yrs job training (AU) or Level 4 qualification (NZ) and/or, potentially, at least 3 years relevant experience

☐ D Skill Level 4 - Certificate II or III (AU) or Level 2 or 3 qualification (NZ) and/or, potentially, at least 1 year relevant experience

☐ E Skill Level 5 - Certificate I (AU) or Level 1 qualification (NZ) or secondary education and/or, potentially, short period of job-training

OK

Skill Level 3	Certificate IV or III+2yrs job-training or		at least 3 years relevant experience

Annual Earnings

4+ What would I like my annual earnings to be?*

This is the median pay for full-time employees before tax and salary sacrificed amounts.
The earnings are based on 52 weeks per year, including paid leave.

The average salary in Australia in 2024 is \$100016 per year (Forbes, ABS).
The cost of living for a single person in Sydney is about \$50000 and that of a family of 4 is about \$120000.

Minimum Annual Earnings (e.g. 60000) *

70000

Core Competencies

Phone

5- What do I plan my core competencies to be?

There are 10 Core Competencies against which you rate your Proficiency Level Score.

Select an age (e.g. 30) or time (e.g. in 5 years) in the future by which you realistically envisage to have attained these Core Competencies. By reaching into the future, we will be able to match those occupations that have a close correlation with the Core Competency scores you specify.

For each Score a "Competency Anchor" is specified - this allows us to have a common understanding of the score and its expectations. Please note that this is not a measure of IQ or intelligence, but competency - the ability to do something successfully.

(This task should take about 5-10 minutes to complete).

< Continue

a. DIGITAL ENGAGEMENT: Identifying and using technology (including hardware and software) confidently, creatively and critically.

Select your planned proficiency level. Focus on the competency required without being too distracted by whether you like the example provided or not.

A 1: BASIC: Name and identify the purpose of familiar digital devices (e.g. mobile phone, computer, tablet)

B 2: BASIC: Send a short and simple reply to an email communication using a digital device

C 3: BASIC: Enter information into a database

D 4: INTERMEDIATE: Recognise different ways to connect to the Internet (e.g. Bluetooth, Wi-Fi)

E 5: INTERMEDIATE: Build and

Key Words for Specialist Tasks

Phone

6 → What are my key words that narrow down the specialist tasks?

Select words that relate to you - these can either be areas of interest, skill or ability.

Whilst the other input variables assist in narrowing down the preferred occupations, it is this task that focuses on what you will be doing day to day - otherwise known as **Specialist Tasks** by [Jobs and Skills Australia](#).

Given that there are about 900 words, these are grouped into 9 sections to make this task more manageable. This is the main "work task" and is expected to take around 20-30 minutes to complete. Aim to provide between 60 and 140 key words so that the occupations selected for you are meaningful.

< Continue

a. Key words A-B

We group similar words together for efficiency and design purposes e.g. ANALYSE+ (Verb, Noun, Adjective)

- * Verb describes action (e.g. ANALYSE risks)
- * Adjective is used as a descriptive word (e.g. Prepare ANALYTICAL reports)
- * Noun is a word that represents a person, place or thing (e.g. Conduct failure ANALYSIS)

Select

ACADEMIC (Adjective)	<input type="checkbox"/>
ACCESSIBILITY NEEDS (Noun)	<input type="checkbox"/>
ACCIDENT+ (Noun, Adjective)	<input type="checkbox"/>
ACCOUNT+ (Adjective, Noun)	<input type="checkbox"/>
