This program is based off the Civilian Marksmanship Program (CMP) Rimfire Sporter Match. CMP Rimfire Sporter Rifle Matches offer shooters a recreation-oriented competition where they use .22 caliber sporter rifles (plinking and small game rifles) commonly owned by almost all gun enthusiasts. You fire with standard sporter-type rimfire rifles that can weigh no more than 7 1/2 pounds, with sights and sling. Targets are shot at 50 yards (from the prone and sitting position) and 25 yards (offhand). More information about the CMP Rimfire Sporter Match can be found here: <https://thecmp.org/competitions/matches/rimfire-sporter-2/> and <https://thecmp.org/cmp-matches/national-rimfire-sporter-rifle-match/>

This program is free to all participants. You are encouraged to bring your own rifle, hearing and eye protection. Loaner rifles, hearing and eye protection are available, ammunition is provided.
