SMALL GROUP INSTRUCTION AGREEMENTS

Armaity Homavazir

Please read and sign:

Devices: The optimal device for online lessons are laptops that can have the screen move up and down. If you use a Chromebook, please make sure it is configured for ZOOM so that your child can have control of the screen, use JAMBOARD and other interactive games.

Participation and Behaviour:

All courses will be offered online. Participation in group discussion is encouraged. Polite, respectful behaviour towards everyone in the class is required. Video cameras must be on at all times – no exceptions. Poor or rude behaviour of any kind will not be tolerated.

Devices: All phones and other devices will be put away during the lesson.

Homework:

There will be short follow up assignments after some lessons to consolidate ideas and material. Parents will support students to submit work by the given deadlines so that we can monitor student progress.

Late Policy and Missed Classes:

Late students will be admitted into the session; with the lesson ending at its regular time. Please contact us directly to discuss make-up material and assignments.

Agreement:

I have read the above sections and will review them with my child before the classes begin.
